 Crosthwaite,2019-10-21 Despite advancements in and availability of corpus software in language classrooms facilitating data
 driven learning DDL the use of such methods with pre tertiary learners remains rare This book specifically explores the
 affordances of DDL for younger learners testing its viability with teachers and students at the primary and secondary years of
 schooling It features eminent and up and coming researchers from Europe Asia and Australasia who seek to address best
 practice in implementing DDL with younger learners while providing a wealth of empirical findings and practical DDL
 activities ready for use in the pre tertiary classroom Divided into three parts the volume s first section focuses on overcoming
 emerging challenges for DDL with younger learners including where and how DDL can be integrated into pre tertiary
 curricula as well as potential barriers to this integration It then considers new cutting edge innovations in corpora and
 corpus software for use with younger learners in the second section before reporting on actual DDL studies performed with
 younger learners and or their teachers at the primary and secondary levels of education This book will appeal to post
