The volume also challenges received wisdom on the nature of slang that it is short lived and that slang is restricted to verbal language With an introduction by editor Julie Coleman the topics covered range from Inner City New York slang and Hip Hop Slang to UK student slang and slang in Scotland Authors also explore slang in Jamaica Australia New Zealand India and Hong Kong and the influence of English slang on Norwegian Italian and Japanese A final section looks at slang and new media including online slang usage and the possibilities offered by the internet to document verbal and gestural slang Global English Slang is an essential reference for advanced undergraduates postgraduates and researchers working in the areas of lexicology slang and World Englishes

Tradition in the Twenty-First Century Trevor J. Blank, Robert Glenn Howard, 2013-05-15 In *Tradition in the Twenty First Century* eight diverse contributors explore the role of tradition in

contemporary folkloristics For more than a century folklorists have been interested in locating sources of tradition and accounting for the conceptual boundaries of tradition but in the modern era expanded means of communication research and travel along with globalized cultural and economic interdependence have complicated these pursuits Tradition is thoroughly embedded in both modern life and at the center of folklore studies and a modern understanding of tradition cannot be fully realized without a thoughtful consideration of the past's role in shaping the present Emphasizing how tradition adapts survives thrives and either mutates or remains stable in today's modern world the contributors pay specific attention to how traditions now resist or expedite dissemination and adoption by individuals and communities This complex and intimate portrayal of tradition in the twenty first century offers a comprehensive overview of the folkloristic and popular conceptualizations of tradition from the past to present and presents a thoughtful assessment and projection of how tradition will fare in years to come The book will be useful to advanced undergraduate or graduate courses in folklore and will contribute significantly to the scholarly literature on tradition within the folklore discipline Additional Contributors Simon Bronner Stephen Olbrys Gencarella Merrill Kaplan Lynne S McNeill Elliott Oring Casey R Schmitt and Tok Thompson
