

# UPDATED CHILD AND ADULT CARE FOOD PROGRAM MEAL PATTERNS: INFANT MEALS

USDA recently revised the CACFP meal patterns to ensure children and adults have access to healthy, balanced meals throughout the day. The changes to the Infant meal pattern support breastfeeding and the consumption of vegetables and fruit without added sugars. These changes are based on the scientific recommendations from the National Academy of Medicine, the American Academy of Pediatrics and stakeholder input. CACFP centers and day care homes must comply with the updated meal patterns by October 1, 2017.

## UPDATED INFANT MEAL PATTERN:

### Encourage and Support Breastfeeding:

- Providers may receive reimbursement for meals when a breastfeeding mother comes to the day care center or home and directly breastfeeds her infant; and
- Only breastmilk and infant formula are served to infants 0 through 5 month olds.

### Developmentally Appropriate Meals:

- Two age groups, instead of three: 0 through 5 month olds and 6 through 11 month olds; and
- Solid foods are gradually introduced around 6 months of age, as developmentally appropriate.

### More Nutritious Meals:

- Requires a vegetable or fruit, or both, to be served at snack for infants 6 through 11 months old;
- No longer allows juice or cheese food or cheese spread to be served; and
- Allows ready-to-eat cereals at snack.
