**Macadam Dreams** Gisèle Pineau, 2003-01-01 A cyclone inexorably sweeps Eliette into her past in this novel about the wayward violence of love and nature in Guadeloupe In Macadam Dreams the celebrated Creole writer Gisèle Pineau cunningly unveils the two cataclysms that have devastated Eliette's life first the cyclone of 1928 when she was only eight years old and now Hurricane Hugo whose destruction shatters the elaborate defenses the old woman has built around the sorrows and madness of her life in the small accursed town of Savane Mulet As Hugo unleashes its fury a final blow frees Eliette's repressed memories of madness isolation and loss and of the grievous failure of a prophecy that promised her a child A story of self discovery Macadam Dreams speaks eloquently of the violence and poverty endured by women of this island nation violence every bit as devastating and seemingly inescapable as the perpetually returning cyclone Viewed by many as a canonical author in the Creole movement in Francophone literature Pineau has created an extraordinary work that is recognized as a masterpiece of French Caribbean literature

**Footsteps in the Dark** George Lipsitz, 2007 Most pop songs are short lived They appear suddenly and if they catch on seem to be everywhere at once before disappearing again into obscurity Yet some songs resonate more deeply often in ways that reflect broader historical and cultural changes In Footsteps in the Dark George Lipsitz illuminates these secret meanings offering imaginative interpretations of a wide range of popular music genres from jazz to salsa to rock Sweeping changes that only remotely register in official narratives Lipsitz

argues can appear in vivid relief within popular music especially when these changes occur outside mainstream white culture Using a wealth of revealing examples he discusses such topics as the emergence of an African American techno music subculture in Detroit as a contradictory case of digital capitalism and the prominence of banda merengue and salsa music in the 1990s as an expression of changing Mexican Dominican and Puerto Rican nationalisms Approaching race and popular music from another direction he analyzes the Ken Burns PBS series Jazz as a largely uncritical celebration of American nationalism that obscures the civil rights era s challenge to racial inequality and he takes on the infamous campaigns to censor hip hop and the radical black voice in the early 1990s Teeming with astute observations and brilliant insights about race and racism deindustrialization and urban renewal and their connections to music Footsteps in the Dark puts forth an alternate history of post cold war America and shows why in an era given to easy answers and clichd versions of history pop songs matter more than ever George Lipsitz is professor of black studies and sociology at the University of California Santa Barbara Among his many books are Life in the Struggle Dangerous Crossroads and American Studies in a Moment of Danger Minnesota 2001 The Reggae Songbook Hal Leonard Corp.,2012-11-01 Piano Vocal Guitar Songbook Jah mon Here are more than 40 groovin reggae classics including Cherry Oh Baby Equal Rights Funky Kingston Get up Stand Up The Harder They Come I Shot the Sheriff The Israelites Legalize It Many Rivers to Cross A Message to You Rudy No Woman No Cry One Love Pass the Dutchie Red Red Wine Redemption Song Three Little Birds The Tide Is High Tomorrow People and more

**The Song Remains the Same** Andrew Ford,Anni Heino,2019-12-02 An illuminating history of the song for every kind of music lover Often today the word song is used to describe all music A free jazz improvisation a Hindustani raga a movement from a Beethoven symphony apparently they're all songs But they're not From Sia to Springsteen Archie Roach to Amy Winehouse a song is a specific musical form It's not so much that they all have verses and choruses though most of them do but that they are all relatively short and self-contained they have beginnings middles and ends they often have a single point of view message or story and crucially they unite words and music Thus a Schubert song has more in common with a track by Joni Mitchell or Rihanna than with one of Schubert's own symphonies *The Song Remains the Same* traces these connections through seventy-five songs from different cultures and times love songs anthems protest songs lullabies folk songs jazz standards lieder and pop hits When You Wish Upon a Star to We Will Rock You Jerusalem to Jolene Unpicking their inner workings makes familiar songs strange again explaining and restoring the wonder joy or possibly loathing the reader experienced on first hearing As much about singing musicianship and recording as it is about songwriting this eclectic ride through a unique choice of songs everyone will argue for alternatives is cleverly curated and littered with intriguing details about the creators and their times filled with loving cross references to other songs and deft musical analysis I defy anyone not to leap online to listen to the unfamiliar or re-listen to old favourites in light of new detail One of the best games in this book is figuring out why one song follows the other there's always an intelligent often very funny link Robyn Archer
