Improving Students' Web Use and Information Literacy James E. Herring, 2011 Offers advice strategies and tips to help school library personnel evaluate use teach and develop Internet resources more effectively **A Non-Freaked Out Guide to Teaching the Common Core** Dave Stuart, Jr., 2014-09-29 Implement the Common Core for ELA without all the stress A Non Freaked Out Guide to Teaching the Common Core uses the often neglected anchor standards to get to the heart of the Common Core State Standards CCSS teaching students the skills they need to be college and career ready Each anchor standard is broken down into its key points and a discussion of each anchor standard s central purpose helps outline the context for each required skill This easy to read guide gives educators the kind of clear explanations examples and strategies they need to feel comfortable teaching the CCSS and shows how CCSS skills can be integrated into virtually any existing lesson plan Getting a firm grasp of the anchor standards is the quickest way to start teaching the key concepts of the CCSS and this user friendly guide is designed to pave the way for both the first time teacher and the experienced pro

Libraries, Literacy, and African American Youth Sandra Hughes-Hassell, Pauletta Brown Bracy, Casey H. Rawson, 2016-10-31 This important book is a call to action for the library community to address the literacy and life outcome gaps impacting African American youth It provides strategies that enable school and public librarians to transform their services programs and collections to be more responsive to the literacy strengths experiences and needs of African American youth According to National Assessment of Educational Progress NEAP only 18 percent of African American fourth graders and 17 percent of African American eighth graders performed at or above proficiency in reading in 2013 This book draws on research from various academic fields to explore the issues surrounding African American literacy and to aid in developing culturally responsive school and library programs with the goal of helping to close the achievement gap and improve the quality of life for African American youth The book merges the work of its three authors along with the findings of other researchers and practitioners highlighting exemplary programs such as the award winning Pearl Bailey Library Program the Maker Jawn initiative at the Free Library of Philadelphia and the Blue Ribbon Mentor Advocate writing institute in the Chapel Hill Carrboro City Schools among others Readers will understand how these culturally responsive programs put theory and research based best practices into local action and see how to adapt them to meet the needs of their communities

Kids Before Content Renee G. Carr,2023-05-30 Kids Before Content provides the context for educators to develop their own and their students social emotional learning SEL competencies The SEL competencies include self awareness self management responsible decision making relationship skills and social awareness Educators are provided the resources they need to build up their own SEL skills first and then their students through this guide There are suggestions for building professional learning communities and connecting with other like minded educators who would like to transform the culture of their schools one educator and one student at a time The book includes information for school leaders to build SEL connections in their schools With SEL competencies educators can more readily reach their students which makes teaching content easier If educators understand how to use CASEL s SEL competencies to address SEL in the classroom for themselves and their students both students and teachers are better served *Literacy*

Essentials Regie Routman, 2018 How do we ensure that all students are engaged each day in meaningful challenging and joyful work and have equal opportunity to learn That is the central question Regie Routman addresses in *Literacy Essentials* Engagement Excellence and Equity for All Learners Her response is that such an outcome is only possible within a culture of empowerment in which all students and teachers feel encouraged and supported to let their voices be heard explore their passions and interests develop deep knowledge and become their fullest and truest selves Based on her ongoing teaching leading and coaching in diverse schools and districts Regie offers K 12 teachers and leaders practical easy to implement tools to help students develop as self determining readers writers and learners including Take Action sections with specific suggestions for authentically teaching assessing and learning Extensive research that is easily accessible and actionable Personal stories that connect to literacy teaching and learning Rich online resources including a comprehensive lesson plan an easy to use study guide downloadable Appendices and more *Literacy Essentials* shows what's possible when teachers and schools raise expectations for all students and create an intellectual culture based on trust collaborative expertise and celebration of learners strengths

Get Out Now Mary Rice Hasson, Theresa Farnan, 2018-08-14 Should we stay or should we go Millions of parents with children in public schools can't believe they're asking this question But they are And you should be asking it too Almost overnight America's public schools have become morally toxic And they are especially poisonous for the hearts and minds of children from religious families of every faith ordinary families who value traditional morality and plain old common sense Parents first duty is to their children to their intellect their character their souls The facts on the ground point to one conclusion get out now

Cultural Interactions of English-Medium Instruction at Vietnamese Universities Thi Quynh Huong Luu, Helena Hing Wa Sit, Shen Chen, 2022-12-16 This book presents a case study of English Medium Instruction EMI implemented by universities in Vietnam making valuable theoretical empirical and methodological contributions to the research in EMI which is currently a popular theme in the field of Higher Education The importance of internationalization of higher education has been widely recognized by many countries all over the world The spread of English as an international language has resulted in its crucial role in teaching and learning any disciplines Globally higher education in many non English speaking countries has witnessed rapid expansion of EMI which was initiated in Europe then to Asia and other continents which are featured with Cultural Circles spread in the world Although there are many publications with the same theme available today this monograph is unique because it is the first time to examine EMI classroom interaction from the cultural perspective specifically rather than from linguistic or pedagogical perspectives It is a pioneering attempt to discuss in depth about cultural issues relating to EMI namely 1 the social cultural context of EMI classes in higher education 2 the cultural backgrounds of EMI teachers and learners and 3 culture interactions between teachers and learners in EMI classrooms In addition both quantitative and qualitative methods are employed to collect data from teachers and learners Finally a context based model of EMI is proposed based on findings of this research As a country

within the Confucius Heritage Cultural Circle Vietnam has been selected for this study because few studies to date are carried out in how EMI is culturally integrated to teaching and learning in the Vietnamese universities This book is a joint effort by international academics prepared for established scholars researchers educators and research higher degree students who are interested in higher education second and foreign language education and EMI teacher training

General Pedagogy Martha M. A. Zama, Margaret Nalova Endeley, 2023-02-24 General Pedagogy A Guide to Effective Teaching demystifies the scientific art of teaching by providing facts principles and concrete examples in real life situations such that neither the novice teacher who peruses it will stutter in front of students on the first day of school nor will the experienced teacher write and execute the same old lesson plans on that day The best teachers are those who show you where to look but don't tell you what to see is a popular quote attributed to Alexandra K Trenfor which aptly summarises the kind of teachers this book intends to produce when used as a teacher training resource Real teachers facilitate learning they do not simply tell learners the answers to their questions and concerns Accordingly the authors take the readers through well researched themes in the academic discipline of teaching wherein they present analyse and discuss pertinent issues Although they provide useful suggestions for teaching success the authors encourage teachers to interpret facts ideas and suggestions presented against the sociocultural contexts of their practice The materials are presented creatively while adding a personal touch intended to facilitate effective and efficient learning For coherence and better comprehension the book has been carefully crafted in eighteen chapters lodged in six parts The first part introduces the reader to the concepts of teaching and teaching effectiveness The theoretical underpinnings of these concepts are brought out in the second part which paves the way for the third part that describes generic teaching approaches strategies and methods Part four and five comprise essential teaching skills and teaching tools for the 21st century while part six wraps up with the transition from teacher training laboratories to classrooms in the real world The last two chapters intentionally prepare the teacher to overcome challenges of professional work in contemporary African classrooms **How to be an Academic Superhero** Iain

Hay, 2017-10-27 In universities across the world academics struggle to establish and sustain their careers while satisfying intensifying institutional demands Drawing from the author's decades of observation and experience in academia this exceptional book responds to the challenges of fostering and sustaining a successful academic career *Education 2.0*

Leonard J. Waks, 2015-11-17 Thirty years of spirited school reforms have failed to improve our schools and instead have left our public school systems in disarray Meanwhile employment prospects for high school and college graduates are fading and the public is losing faith in its schools The education paradigm inherited from the Industrial Era is in crisis In the last decade however the Internet and new Web 2.0 technologies have placed the entirety of human knowledge in the hands of everyone What will our educational institutions make of this unprecedented flood of Web based learning resources How can schools be transformed to accommodate the new possibilities for personal and social learning Leonard Waks gathers all the pieces of

our current educational puzzle together in this groundbreaking book Drawing on new organizational models grounded in complexity theory Waks maps out an inspiring new paradigm for education in the Internet age and connects all the dots in constructing detailed models for new schools now transformed into open learning centers Finally Waks details action steps readers can take to speed this transformative process along in their own locations *Covid-19 in India, Disease, Health and Culture* Anindita Chatterjee, Nilanjana Chatterjee, 2022-09-22 This book is a cultural exploration of health and wellness with a focus on impacts of Covid 19 on the population of India The chapters in this book present original research systematic reviews theoretical and conceptual frameworks encompassing multidisciplinary inter and intra disciplinary fields of study in the context of how culture and disease sufficiently unpack and inform each other The book includes contributions from the social sciences and the humanities and analyses issues that range from smallpox to the history of vaccine indigenous healing practices the Macbeth paradigm Zizekian encounters mental asylum and marginalised genders Using the theme of intellectual interconnectedness in the times of self isolation and social distancing the book is a collaboration of critical thinkers who identify and visibilize the hidden global issues related to disease and health that have divided the world into narrow binaries individual society poor rich proletariat bourgeoisie margin centre colonised coloniser servitude liberty powerless powerful By doing so the book emphasises the potential of holistic wellness to improve human life and humanity across the globe A novel contribution on the cultural factors that played an important role in contemporary times of Covid 19 this book will be of interest to researchers in the fields of Cultural Studies Health and Society and South Asian Studies
