Watson, 2003-05-02 On April 20 1999 Eric Harris and Dylan Klebold killed twelve fellow students and one teacher at Columbine High School in Littleton Colorado Two of the victims of the Columbine massacre Cassie Bernall and Rachel Scott reportedly were asked by the gunmen if they believed in God Both supposedly answered Yes and were killed Within days of their death Cassie and Rachel were being hailed as modern day martyrs and are seen by many American evangelicals as the sparks of a religious revival among teenagers Cassie and Rachel as innocents martyred for faith also became useful symbols for those seeking to advance a conservative political agenda and to lay the blame for Columbine at the feet of their liberal opponents According to police investigators however Cassie and Rachel may never have been asked by their killers about God They may have been simply victims of a senseless crime rather than martyrs to a cause *The Martyrs of Columbine* provides a careful examination of the available evidence and attempts to discover what really occurred Despite these questions the martyr stories continued to be told and the religious and political use of Cassie and Rachel continues The popular significance of the martyrs of Columbine persists and may even be growing How and why is this happening *The Martyrs of Columbine* is a groundbreaking investigation of what this tragedy has come and will come to mean in American

Hate-work David W. Augsburger, 2004-01-01 Using stories case histories and correlating perspectives from psychology sociology and theology Augsburger explains how hate functions He also makes an argument for the moral imperative of moving from hate to justice and mercy in our dealings with one another *Love to Hate* Jody Roy, 2002-08-27

Why is the simple impulsive question we ask when confronted by horrible acts of hatred and violence Why do students shoot fellow students or employees their coworkers Why do mothers drown their children or husbands stalk and kill their wives Love to Hate challenges us to turn this question upon ourselves at a deeper level Why as a culture are we so fascinated by these acts Why do we bestow celebrity on the perpetrators while allowing the victims to fade into a second death of obscurity Are we as Pope John Paul II famously accused a culture of death And if so how can we break free of this unacknowledged aspect of the cycle of violence Unlike those who point solely to media imagery splintered families or lax gun control laws in search of the roots of America's endemic violence Jody M Roy suggests that we all must be held responsible She argues that we reveal our love affair with hatred and violence in the ways we think and speak in our daily lives and in our popular culture The very words we use function as building blocks of callousness and contempt betraying our immersion in subtexts of violence and hatred These subtexts are further revealed in our complex attitudes toward street gangs school shooters serial killers and hate groups and the paroxysms of violence they unleash As spectators driven by our impulse to watch we become an integral part of the equation of violence In the book's final section Freeing Ourselves of Our Obsession with Hatred and Violence Roy offers practical steps we can take as parents consumers and voters to free ourselves from linguistic and cultural complicity and to help create in America a culture of life

Learning to Live Together David A. Hamburg M.D., Beatrix A. Hamburg M.D., 2004-04-08 With a view to deepening our understanding of sources of hatred and prejudice this book uses a developmental and evolutionary perspective to explore and explain the process by which our beliefs are conveyed to the youngest members of society Discussing the psychological obstacles to peaceful relations between groups the authors focus on the developmental processes by which we can work to diminish ethnocentrism prejudice and hatred which children learn from a very early age Until now scholarship and practice in international relations have gravely neglected crucial psychological aspects of these terrible problems and have not yet explored the educational opportunities related to them

Addressing these promising lines of inquiry and innovation this book fosters a more humane and less violent development in childhood and adolescence Educators religious leaders developmental and social psychologists will find this a valuable resource as will a socially concerned segment of the public who are looking for practical ways to work for peace **Annual Editions: Personal Growth and Behavior 04/05** ,2004 **Hot Topics** Behrman House,Susan Freeman,2005 Ideal as a complete course text or as an informative supplement to one shot classroom discussions this complement to Teaching Hot Topics encourages students to engage with issues through its interactive design pertinent scenarios probing questions and charts that summarize points and counterpoints for each topic **A Toast to Love and Sacrifice** Andrea Rachiele,2008-11-14 The book comprises three tales written in classical verse i e strict rhythms and rhyme Although in the form of fairy tales and fables they deal with important social and historic issues A Tale of Dancing Chair decries racial discrimination and expounds the idea that regardless of outside help success comes to those who don t shy away from hard work are willing and able to use creative potential to the fullest and stand up to bigotry injustice and unfair judgement A Tale of Captive Puffins reflects upon events in the history of Russian Soviet Jewry in the twentieth Century To recognize historic prototypes of the fable s characters one should read up on history of Tsarist Russia and Soviet Union Weimar and Nazi Germany However it is not a prerequisite the Tale is intended to trigger reader s interest in those chapters of history A Tale of Boy Nightingale is intended to make dents in prejudices against unconventional gay and lesbian families It proclaims love respect and loyalty as traits identifying and holding together families asserts that friendship between children from different families is greatest hope and strongest weapon in the struggle against prejudices still prevalent in society UnSelfie Michele Borba,2016-06-07 Hailed as an absolute must read Jean Twenge and a book that will change your kids lives Jack Canfield UnSelfie by Dr Michele Borba explains what parents and educators MUST do to combat the growing empathy crisis among children today including a 9 step empathy building program with tips to guide kids from birth through college and beyond Teens today are forty percent less empathetic than they were thirty years ago Why is a lack of empathy which goes hand in hand with the self absorption epidemic Dr Michele Borba calls the Selfie Syndrome so dangerous First it hurts kids academic performance and leads to bullying behaviors Also it correlates with more cheating and less resilience And once children grow up a lack of empathy hampers their ability to collaborate innovate and problem solve all must have skills for the global economy In UnSelfie Dr Borba pinpoints the forces causing the empathy crisis and shares a revolutionary researched based nine step plan for reversing it The good news Empathy is a trait that can be taught and nurtured Dr Borba offers a framework for parenting that yields the results we all want successful happy kids who also are kind moral courageous and resilient UnSelfie is a blueprint for parents and educators who want to kids shift their focus from I me and mine to we us and ours **Catalog of Copyright Entries** Library of Congress.
