Materializing Memory in Art and Popular Culture Laszlo Muntean,Liedeke Plate,Anneke Smelik,2016-12-08 Memory matters It matters because memory brings the past into the present and opens it up to the future But it also matters literally because memory is mediated materially Materiality is the stuff of memory Meaningful objects that we love or hate function not only as aide m moire but are integral to memory Drawing on previous scholarship on the interrelation of memory and materiality this book applies recent theories of new materialism to explore the material dimension of memory in art and popular culture The book's underlying premise is twofold on the one hand memory is performed mediated and stored through the material world that surrounds us on the other hand inanimate objects and things also have agency on their own which affects practices of memory as well as forgetting Chapters 1 4 and 5 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 3 0 license
