BCE Modern Bangladesh was born in 1971 when it declared its independence from Pakistan following a bloody war. The country is characterized by its unique geography with the Ganges Delta dominating its landscape. The delta is a vast network of interconnected rivers, canals, and marshes and is the largest river delta in the world. Bangladesh is also one of the most densely populated countries in the world with an average of over 1100 people per square kilometer. Despite being one of the poorest and most populous countries in the world, Bangladesh has made impressive progress in recent years. The country has a rapidly growing economy fueled by the garment industry which is worth over 30 billion USD annually. The government has also made significant strides in improving economic and social conditions for its citizens with investments in education and healthcare and initiatives to reduce poverty and increase employment. However, Bangladesh continues to face significant challenges including political instability, corruption, and environmental degradation.
