Roy Francis Tony Collins, 2025-06-05 The remarkable story of one man's struggle to overcome racism and revolutionise rugby coaching. In the 1950s and 1960s one man dominated rugby coaching like no other. Roy Francis. He led teams to championships and Wembley finals, revolutionised the art of coaching and inspired his players to incredible achievements. But even more amazingly for those times he was a Black man in a white world. As the illegitimate child of a mixed race couple who gave him up for adoption, his story recounts his upbringing in a Black family living in the Welsh coalfields, a childhood shaped by memories of the 1919 Welsh race riots and foremost his gift for rugby. Aged just seventeen, Roy played for Wigan and despite facing racism became the first Black player to play for Great Britain in either rugby codes. Roy Francis became Hull rugby league club coach in 1951 where he introduced video analysis, sports psychology and personalised training, revolutionary methods which turned a mediocre team into championship winners. His crowning glory came when his Leeds team triumphed in the famous 1968 Watersplash Wembley Cup Final before he headed Down Under as North Sydney Bears club coach. Through archives, family members' accounts and former players' memories, Roy Francis tells the story of a family's journey from slavery to sporting success and of a remarkable man who defied prejudice to reach the pinnacle of rugby as a player, coach and leader. The British Rugby League Records Book Graham Williams, 2009 **Sport and physical culture in Occupied**

**France** Keith Rathbone, 2022-02-08 Sport and physical culture in Occupied France examines the Vichy state's attempts to promote physical education and sports in order to rejuvenate French men and women during the Occupation. Through this cultural lens, it illuminates the central paradox of state power during the Vichy Regime. The state organised a centralised physical cultural programme meant to control and discipline French men and women. However, these activities instead empowered individuals and sporting associations to create spaces for individual expression, protect entrenched business enterprises, preserve republican institutions and organise sites for mutual aid and assistance. Based on extensive archival research, this innovative multi-city analysis demonstrates how French sporting federations, associations and athletes appropriated Vichy's physical education directives to reshape the ideology of the state and serve their own local agendas.

*Association Football and English Society, 1863-1915 (revised edition)* Tony Mason, 2023-03-16 Association football as it developed rapidly in the late nineteenth and early twentieth centuries both reflected British society and helped to reshape it. Dilwyn Porter supplements this classic text with a brand new introduction.
