Assisting Russia's Transition Gianni Zanini, 2002-01-01
This evaluation assesses the development effectiveness of the World Bank's lending and non-lending assistance to the Russian Federation since 1991, a 10-year period of tumultuous political, economic, and social change. This report concludes that an assistance strategy concentrating on analytical and advisory services with limited financial support for Russia would have been more appropriate than one involving large volumes of adjustment lending.

Sustainable Development, Regional Governance, and International Organizations Anastassia Obydenkova, 2024-06-28
This book aspires to establish a dialogue among the studies of sustainable development, global environmental politics, comparative regionalism, and area studies of Eurasia. The chapters in this book reflect deep knowledge of the authors of the main trends in environmental politics at global, international, and national levels before the invasion in Ukraine in 2022. First, the book looks into the role and impact of international organizations such as the European Union, EU, European Bank for Reconstruction and Development, EBRD, Arctic Council, AC, and Global Forums on Climate Action on post-Communist states but also the role of nation-states, e.g., Russia, Kazakhstan, and China. Second, the book explores relatively new international organizations such as the Eurasian Economic Union, EAEU, the Eurasian Development Bank, and the Shanghai Cooperation Organization, SCO. How do the EAEU, EDB, and the SCO matter if at all in promoting an environmental agenda? How do the EU, EBRD, and the AC advance the environmental agenda across the post-Communist region? This book aspires to answer these questions and to shed more light on the challenges to sustainable development in post-Communist Europe, Central Asia, and Eurasia. With a new foreword and afterword, this book will appeal to students, scholars, and researchers of political science, international relations, area studies, as well as practitioners and policymakers.
