I have owned telescopes for over 25 years since I was a young lad I purchased an LXD55 AR 6 Refractor in 2002 and was one of the first to own one in the UK I am also a proud owner of an LXD75 SC 8 Armed with these two very different telescopes I have spent many hours searching the skies for interesting objects using Meade s Autostar Goto facility My motivation to write a book about the LXD Goto telescope series first came from comments about an LXD55 AR 6 Refractor review that was published on the LXD55 com website From then on I have had regular emails from people asking technical questions about the telescope and which model is best suited for them

Whilst attending Star parties in the UK I found that many LXD owners would struggle to use them even at a basic level especially if they have never owned or used an equatorially mounted Goto telescope before Since the first LXDM5 models came out in early 2002 owners have struggled to find useful information to help them use the telescopes to the best advantage There have been mixed reactions about its quality and performance Hence this book is directed towards those who are new to Goto and the LXDM telescope Using Commercial Amateur Astronomical Spectrographs Jeffrey L. Hopkins,2013-11-19 Amateur astronomers interested in learning more about astronomical spectroscopy now have the guide they need It provides detailed information about how to get started inexpensively with low resolution spectroscopy and then how to move on to more advanced high resolution spectroscopy Uniquely the instructions concentrate very much on the practical aspects of using commercially available spectroscopes rather than simply explaining how spectroscopes work The book includes a clear explanation of the laboratory theory behind astronomical spectrographs and goes on to extensively cover the practical application of astronomical spectroscopy in detail Four popular and reasonably priced commercially available diffraction grating spectrographs are used as examples The first is a low resolution transmission diffraction grating the Star Analyser spectrograph The second is an inexpensive fiber optic coupled bench spectrograph that can be used to learn more about spectroscopy The third is a newcomer the ALPY 600 spectrograph The fourth spectrograph considered is at the other end of the market both in performance and cost the high resolution Lhires III While considerably more expensive this is a popular and excellent scientific instrument that allows more advanced amateur astronomers to produce scientifically valuable data With all of these tools in place the amateur astronomer is well prepared to forger deeper into the night sky using spectroscopy Super Mario Encyclopedia: The Official Guide to the First 30 Years Nintendo,2018-10-23 Power Up Super Mario Bros Encyclopedia The Official Guide to the First 30 Years is jam packed with content from all seventeen Super Mario games from the original Super Mario Bros to Super Mario 3D World Track the evolution of the Goomba witness the introduction of Yoshi and relive your favorite levels This tome also contains an interview with producer Takashi Tezuka tips to help you find every coin star sun and mushroom even explanations of glitches With information on enemies items obstacles and worlds from over thirty years of Mario Super Mario Bros Encyclopedia is the definitive resource for everything Super Mario **The Complete Guide to Fujifilm's X-T20 (B&W Edition)** Tony Phillips,2017-04-13 Written for Fujifilm s outstanding X T20 travel camera this is EVERYTHING X T20 explained in easy to understand language It is the Manual on Steroids and much more So if you re uncertain about anything your XT20 does grab this book It s packed with clear tutorials and examples with nearly 400 tips and tricks to help you master photography with your X T20 n this 616 page full color book you ll learn About every mode menu button function and socket How to get fully touchy feely with the new touch screen How the new Fujifilm flash system and EF X500 wireless flash works All about Lighting even Manual flash Plus more *Star Ware* Philip S.
