Handbook of Small States Lino Briguglio, 2018-05-11 This handbook covers a wide spectrum of issues relating to small states Chapters in the volume have been grouped under the three main themes of economic social and environmental issues The economics sections include chapters dealing with trade finance and regulatory frameworks while the social theme covers health migration population ageing as well as overall social wellbeing The environmental theme examines matters such as measuring environmental performance natural disasters the ocean economy and the validity of the Sustainable Development Goals One major issue is the definition of small states As this

volume demonstrates generally speaking population is used to measure country size in the literature. However, it clearly emerges that there is no real consensus as to the population cut off point that distinguishes small states from large ones. While the approaches taken by the authors vary in all cases, the chapters draw practical policy implications for small states. The book can therefore be considered as a wide ranging depository of information on small states with the aim of deriving policy prescriptions and thus as an excellent resource for academics, students and policymakers. The University of the West Indies Douglas Hall, 1998. Introduction to the Pan-Caribbean Tracey Skelton, 2014-05-01. With its diverse histories of slavery, plantations, colonialism and independence, the Caribbean is richly layered, highly complex and a wonderful example of people's resistance. The pan Caribbean region also provides an excellent geography through which to understand and analyse the complex processes of globalisation, development, migration, tourism and social and cultural relations. While the sea, sun and sand representation is a true one, some of the most beautiful places on earth are found in the Caribbean. The pan Caribbean is much more intricate and fascinating than that. Where else in the world do French, Spanish, Dutch and English speaking worlds co-exist alongside indigenous peoples and cultures? Where else have cultures of carnival, music and dance become so integrated into national and regional identities? The Caribbean is a crucible of diversity and semblance and a space that is both contradictory and harmonious. Introduction to the Pan Caribbean has been written by people who are either from the region or have spent much of their working lives there. It is an excellent introduction and is your map through one of the most extraordinary and remarkable parts of the world. Gender Elsa Leo-Rhynie, Barbara Bailey, Christine Barrow, 1997. This volume brings together a wide range of research findings, theoretical perspectives and policy prescriptions in a study of gender issues as they relate to the Caribbean region. It highlights the key issues as well as the wide range of Caribbean countries' experiences. **Tourism and Hospitality Education and Training in the Caribbean** Chandana Jayawardena, 2002. This comprehensive text is vital reading for managers, academics, consultants and students involved in the growing tourism and hospitality sector in the Caribbean. In twenty-four articles, the book analyzes significant initiatives, trends and the challenges facing education and training institutions in the Caribbean. Chapters on sustainable tourism, environmental management and national resource development cover a wide variety of critical topics facing the industry. Case studies from The Bahamas, Barbados, Belize, Dominica, the Dominican Republic, Grenada, Guyana, Jamaica, Mexico, Trinidad and Tobago and Turks and Caicos Islands provide a diverse perspective for academics, policymakers and the regional tourism sector. Places of Cultural Memory, 2001. The English-speaking Caribbean Alma Jordan, Barbara Comissiong, 1984. The Disputatious Caribbean S. Barber, 2014-11-26. This history of the Torrid Zone offers a comprehensive and powerfully rich exploration of the 17th century Anglophone Atlantic world, overturning British and American historiographies and offering instead a vernacular history that skillfully negotiates diverse locations, periodizations and the fraught waters of ethnicity and gender. **The Impact of Climate Change on Vulnerable Populations** Debra D.

Joseph , Roshnie A. Doon ,2023-10-26 Climate change and urban development threaten health undermine coping and deepen existing social and environmental inequities A changing global environment requires transformative social responses new partnerships deep engagement with local communities and innovation to strengthen individual and collective assets The chapters of this edited volume have mainly been contributed by established and emerging scholars representing social work sociology development studies law government social anthropology urbanism public policy and other social sciences This book is to be used for academics policy makers social work students lecturers and other stakeholders to promote advocacy for vulnerable client groups affected by climate change It gives some measure of hope and makes the invisible visible allowing for change

Departmental Reports University of the West Indies (Mona, Jamaica),1994 **Role Of Women In The Development Of Science And Technology In The Third World - Proceedings Of The Conference Organized By The Canadian International Development Agency And The Third World Academy Of Sciences** A M Faruqui,M H A Hassan,G Sandri,1991-02-26 This conference was organised by the Third World Academy of Sciences in collaboration with the Canadian International Development Agency For the 250 female scientist participants from distant lands and diverse cultures from the Caribbean to the Far East the conference proved a stimulating experience to recognize their strength in terms of numbers and achievements to forge new links nationally and internationally and to demonstrate that science is independent of gender and is no longer an exclusively male dominated preserve The first part of the proceedings deals with the global Third World and national perspectives of the theme Women and Science and the second highlights the scientific contributions by Third World women scientists their personal experiences and scientific reports The publication of these proceedings would serve as a potentially effective strategy aimed at enhancing the status of women scientists not only in the Third World but worldwide

Archiving Caribbean Identity John Aarons,Jeannette A. Bastian,Stanley Hazley Griffin,2022-06-12 Archiving Caribbean Identity highlights the Caribbeanization of archives in the region considering what those archives could include in the future and exploring the potential for new records in new formats Interpreting records in the broadest sense the 15 chapters in this volume explore a wide variety of records that represent new archival interpretations The book is split into two parts with the first part focusing on record forms that are not generally considered archival in traditional Western practice The second part explores more traditional archival collections and demonstrates how these collections are analysed and presented from the perspective of Caribbean peoples As a whole the volume suggests how colonial records can be repurposed to surface Caribbean narratives Reflecting on the unique challenges faced by developing countries as they approach their archives the volume considers how to identify and archive records in the forms and formats that reflect the postcolonial and decolonized Caribbean how to build an archive of the people that documents contemporary society and reflects Caribbean memory and how to repurpose the colonial archives so that they assist the Caribbean in reclaiming its history Archiving Caribbean Identity demonstrates how non textual cultural traces function as archival records

and how folk centred perspectives disrupt conventional understandings of records The book should thus be of interest to academics and students engaged in the study of archives memory culture history sociology and the colonial and postcolonial experience *Final Report and Working Papers* ,1979 **Departmental Reports to Council - University of the West Indies** University of the West Indies (Mona, Jamaica),1981 West Indian Literature and Its Social Context ,1985
