Transvaal Provincial Division,Adolf Davis,1912 *Mining American* ,1908 *U.S. Navy Medicine* ,1977 **Mining Science** ,1908 *S.C.* ,1919 Consists of reports of various Select Committees each with a distinctive title The Religions Of Star Trek Ross Kraemer,William Cassidy,Susan L Schwartz,2009-07-21 Is there a God What evil lurks beyond the stars Can science save one s soul Profound questions like these have consumed human thought over the ages they also inspired the original creators of the Star Trek canon of TV series and films Religions of Star Trek tackles these challenging questions head on in a remarkable look at one of sci fi s great success stories Analyzing more than three decades of screen adventure the authors depict a Star Trek transformed corresponding to the resurgence of religion in American public discourse The authors identify the many religious characters in Star Trek tracing the roots of scientific humanism to more contemporary aspects of religion and spirituality Through it all the creators visionary outlook remains constant a humanistic faith in free will and the salvific nature of dispassionate scientific inquiry This book was not prepared licensed approved or endorsed by any entity involved in creating or producing the Star Trek television series or films

‘Africa Forms the Key’ Suryakanthie Chetty,2021-01-04 This book examines the work of prominent South African geologist Alex Du Toit as a means of understanding the debate around continental drift both in segregation era South Africa and internationally It contextualises Du Toit s work within a particularly formative period of South African science from the paleoanthropological discoveries that sparked debates about the origins of humankind to Jan Smuts own theory of holism Beyond South African scientific discoveries the book sets Du Toit s work against a backdrop of ideological struggles over space both domestically in terms of segregation and nationalism as well as internationally as South Africa sought to assert its position within the Commonwealth These debates were embodied by Du Toit s work on the theory of continental drift which put Africa and South Africa at the centre geologically and geographically The author also focuses on the divisions in geology caused by drift theory tracing the vigorous intellectual debate and dissent indicative of the ideological milieu within which scientific thought is constructed It traces the history of continental drift from its inception in the nineteenth century and later work of Alfred Wegener which was both elaborated upon and substantiated by Du Toit The study further focuses on Du Toit s research on continental drift in South African and South America and the geological fossil and climatological evidence used to bolster this theory **The Politics of Truth and Reconciliation in South Africa** Richard Wilson,2001-05-02 The South African Truth and Reconciliation Commission TRC was set up to deal with the human rights violations of apartheid during the years 1960 1994 However as Wilson shows the TRC s restorative justice approach to healing the nation did not always serve

the needs of communities at a local level Based on extended anthropological fieldwork this book illustrates the impact of the TRC in urban African communities in Johannesburg While a religious constituency largely embraced the commission s religious redemptive language of reconciliation Wilson argues that the TRC had little effect on popular ideas of justice as retribution This provocative study deepens our understanding of post apartheid South Africa and the use of human rights discourse It ends on a call for more cautious and realistic expectations about what human rights institutions can achieve in democratizing countries The Economist ,1904 **Outing and the Wheelman** ,1914 **Outing Magazine** ,1914
