Smith,2019-01-17 Despite being one of the world s most vibrant democracies police estimate between five and ten percent of the murders in South Africa result from vigilante violence This is puzzling given the country s celebrated transition to democracy and massive reform of the state s legal institutions Where most studies explain vigilantism as a response to state or civic failure in *Contradictions of Democracy* Nicholas Rush Smith illustrates that vigilantism is actually a response to the processes of democratic state formation In the context of densely networked neighborhoods vigilante citizens often interpret the technical success of legal institutions for instance the arrest and subsequent release of suspects on bail as failure and work to correct such perceived failures on their own Smith also shows that vigilantism provides a new lens through which to understand democratic state formation Among young men of color in some parts of South Africa fear of extra judicial police violence is common Amid such fear instead of the state seeming protective it can appear as something akin to a massive vigilante organization An insightful look into the high rates of vigilantism in South Africa and the general challenges of democratic state building *Contradictions of Democracy* explores fundamental questions about political order the rule of law and democratic citizenship *Farmer's Weekly* ,1923 **Origin and Evolution of the Cape Mountains and Karoo**

Basin Bastien Linol,Maarten J. de Wit,2016-09-03 This book describes the latest research on the geological geochemical geochronological biological and geomorphic evolution of the unique and relatively pristine landscape of the Cape Mountains and the Karoo Basin a region in South Africa that is currently being targeted for shale gas exploration and development With up to date graphics maps drill core and seismic data it offers the latest observations and synthesis and highlights areas of ongoing research The work presented also considers a wider connection of the Cape Karoo system to other basins in Central Gondwana including South America thus following in the footsteps of A L du Toit Clearly there is still much to be learned before shale gas development can be considered and this book provides some timely perspectives Quaternary

Environmental Change in Southern Africa Jasper Knight,Stefan W. Grab,2016-06-23 Ongoing climate change necessitates

advances in our understanding of the interrelationships between climate landscape shaping processes and human activity over long time periods especially in areas that are already climatically stressed This volume presents new ideas on macroscale landscape evolution mountain fluvial and aeolian processes and environments in southern Africa a key region in the story of human evolution during the last two million years Interdisciplinary in scope it brings together an international team of experts to synthesise the latest research and understanding of landscape human relationships in this region It incorporates results from the emerging fields of geoarchaeology and cultural landscapes and utilises the latest data and analytical techniques A key reference for researchers studying hominid evolution geoarchaeology and environmental change it provides a benchmark study of southern African landscape evolution during the Quaternary It will also appeal to professionals and policymakers with interests in future human landscape evolution in southern Africa
