Senich,1996 This book is a long overdue account of and a well deserved tribute to the Marine Corps sniper program in Vietnam It documents the circumstances behind training and employment the equipment chosen for use the transition from the M700 sniping rifle to the M40A1 and the extreme effectiveness of the Vietnam era sniping effort overall **Enemy Inside The Gates: Snipers In Support Of Military Operations In Urbanized Terrain** Lt.-Colonel Jeffery E. Dearolph USMC,2014-08-15 As the world s urban areas continue to increase in size the possibility of U S forces conducting military operations in urbanized terrain also increases However the weapon systems the U S procures and employs obtain maximum effectiveness in open terrain These weapons prove less capable in urban terrain since their standoff and precision advantages suffer degradation due to buildings and the fleeting nature of enemy personnel U S weaponry also causes a large amount of collateral damage that may also result in civilian casualties which proves politically unacceptable Potential adversaries of the U S realize these limitations and present a target set that proves difficult to locate and engage The target set the enemy uses in urban terrain consists of enemy combatants mixing with non combatants enemy snipers and special purpose teams Assets the U S possesses that can engage elements of the enemy s urban target set include U S Army and Marine Corps snipers However a determination on whether more snipers will effectively defeat the target set requires consideration This monograph analyzes the contemporary operating environment to articulate the enemy s urban target set Next a review of current U S Army and Marine Corps sniping doctrine organization and training establishes the foundation for presenting the sniper s capability to defeat the urban target set In order to provide a balanced argument other possible solutions to engaging and defeating the target set receive consideration Research shows that the sniper company organized at the division level achieves the desired effect of increasing the density of sniper teams on the urban battlefield The costs associated with the sniper company prove acceptable as it requires minimal expenditure concerning personnel and equipment The division sniper company will effectively counter the enemy s urban target set without causing non combatant casualties **Sniper Counter-Sniper: A Tactical Guide for Modern Marksmen** Pasquale De Marco,2025-07-26 In a world where precision and accuracy are paramount snipers and counter snipers play a critical role in modern warfare and law enforcement This comprehensive guide delves into the art and science of modern sniping providing an in depth exploration of the skills techniques and equipment used by these elite marksmen From the fundamentals of marksmanship to advanced long range shooting and counter sniper tactics this book covers everything you need to know to become a proficient sniper or counter sniper You ll learn about breath control trigger discipline understanding ballistics and trajectory and more We also explore advanced techniques such as long range shooting wind reading and zeroing your rifle for optimal accuracy We also delve into the essential equipment and gear required for modern sniping including rifles optics and accessories We discuss the importance of proper maintenance and cleaning as well as camouflage and concealment techniques to remain undetected in the field The heart of this book lies in the exploration of sniper tactics and deployment

We examine the challenges and considerations of urban sniping counter sniper operations and ambush and infiltration techniques We also delve into the structure roles and coordination of sniper teams highlighting the importance of mission planning and execution In addition we provide a comprehensive overview of counter sniper tactics and techniques enabling you to identify sniper threats evade detection and fire and disrupt enemy communications and surveillance We also discuss the role of snipers in urban counter terrorism operations hostage rescue scenarios and military sniper operations Finally we conclude with a look at advanced sniper training and development exploring marksmanship training programs counter sniper training sniper instructor development and the future of sniper training and technology Whether you are a seasoned marksman seeking to enhance your skills or an aspiring sniper eager to learn the craft this book is your ultimate guide to the world of precision shooting If you like this book write a review
