Riukulehto,2015-05-13 In new regional history national states are not seen to play a special role Regions are understood as evolutionary processes in which time and space history and geography are connected in research questions To illustrate the entanglement of time and space in various forms and ages this volume explores regional history from around the globe The editor s review of the various works written under the heading of regional history serves as an introduction to this theme This volume shows how historical events and changes have influenced the reproduction of regions in Czechia it will also highlight how regional identities were manifested in a cultural form in romantic operas of post Napoleonic Europe The historically rich West Wits Line gold mining region in the West Rand of South Africa is also examined within a regional history framework with the broad theme of ecohealth and well being Through case studies the volume also explores the history of governance and planning in New Zealand s largest city region Auckland as well as the recent economic history of the State of Mato Grosso in Brazil Finally it also brings the idea of regional history to the most personal level of historical consciousness by examining the experiential shaping of home in the broader meaning of Heimat as a question of belonging

somewhere both in time and in space      **The Oxford Handbook of Deaf Studies in Language** Marc Marschark, Patricia Elizabeth Spencer, 2015-12-08 Language development and the challenges it can present for individuals who are deaf or hard of hearing have long been a focus of research theory and practice in D deaf studies and deaf education Over the past 150 years but most especially near the end of the 20th and beginning of the 21st century advances in the acquisition and development of language competencies and skills have been increasing rapidly This volume addresses many of those accomplishments as well as remaining challenges and new questions that have arisen from multiple perspectives theoretical linguistic social emotional neuro biological and socio cultural Contributors comprise an international group of prominent scholars and practitioners from a variety of academic and clinical backgrounds The result is a volume that addresses in detail current knowledge emerging questions and innovative educational practice in a variety of contexts The volume takes on topics such as discussion of the transformation of efforts to identify a best language approach the sign versus speech debate to a stronger focus on individual strengths potentials and choices for selecting and even combining approaches the effects of language on other areas of development as well as effects from other domains on language itself and how neurological socio cognitive and linguistic bases of learning are leading to more specialized approaches to instruction that address the challenges that remain for deaf and hard of hearing individuals This volume both complements and extends The Oxford Handbook of Deaf Studies and Deaf Education Volumes 1 and 2 going further into the unique challenges and demands for deaf or hard of hearing individuals than any other text and providing not only compilations of what is known but setting the course for investigating what is still to be learned      [The Archaeology of Southern Africa](#) Peter Mitchell, 2024-06-06 Some of humanity's earliest ancestors lived in southern Africa and evidence from sites there has inspired key debates on human origins and the emergence of complex cognition Building on its rich rock art heritage archaeologists have developed theoretical work that continues to influence rock art studies worldwide with the relationship between archaeological and anthropological data central to understanding past hunter gatherer pastoralist and farmer communities alike New work on pre colonial states contests models that previously explained their emergence via external trade while the transformations wrought by European colonialism are being rewritten to emphasise Indigenous agency feeding into efforts to decolonise the discipline itself Inhabited by humans longer than almost anywhere else and with an unusually varied complex past southern Africa thus has much to contribute to archaeology worldwide In this revised and updated edition Peter Mitchell provides a comprehensive and extensively illustrated synthesis of its archaeology over more than three million years      **Global Africa** Dorothy Hodgson, Judith Ann-Marie Byfield, 2017-08 Global Africa will complicate conventional views of Africa as a place of violence despair and victimhood a place and space that other people states and organizations act on and steal from Instead they aim to document some of the significant global connections circulations and contributions that African people ideas and goods have made in the world not just in the United States but in South Asia Latin America Europe and elsewhere They will

showcase new framings of Africa but will not romanticize the conditions and circumstances in which too many people on the continent currently live The essays in this volume will amplify those voices that offer complex and insightful explanations strategies for solutions and inspiration for the future Provided by publisher Organise or Die? Raphaël

Botiveau,2017-12-01 The story of one of the leading trade unions in South Africa the National Union of Mineworkers and its role in the struggle against white minority rule Organise or Die Democracy and Leadership in South Africa s National Union of Mineworkers NUM is the first in depth study of one of the leading trade unions in the country Founded in 1982 the trade union played a key role in the struggle against white minority rule before turning into a central protagonist of the ruling Tripartite Alliance after apartheid Deftly navigating through workerist social movement and political terrains that shape the South African labour landscape this book sheds light on the path that led to the unprecedented 2012 Marikana massacre the dissolution of the Congress of South African Trade Unions Cosatu federation and to fractures within the African National Congress ANC itself Working with the notions of organisational agency and strategic bureaucratisation Rapha l Botiveau shows how the founding leadership of NUM built their union s structures with a view to mirror those of the multinational mining companies NUM faced Good leadership proved key to the union s success in recruiting and uniting mineworkers and NUM became an impressive school for union and political cadres producing a number of South Africa s top post apartheid leaders An incisive analysis of leadership styles and strategies shows how the fragile balance between an increasingly distant leadership and an increasingly militant membership gradually broke down Botiveau provides a compelling narrative of NUM s powerful history and the legacy of its leadership It will appeal to a broad readership including journalists students and social sciences scholars interested in South Africa s contemporary politics and labour history **Governing in the**

**Shadows** Paula Cristina Roque,2021-12-01 This book traces three decades of securitization in Angola As a governing strategy during war and peacetime it muted the aspirations of those on opposing sides distorted the state emboldened elites and redefined the identity of Angolans Through this lens Paula Cristina Roque provides an original account of Angola s post conflict state building Securitization protected the interests of President dos Santos the ruling MPLA party and the elites supporting the regime Angola s array of security forces and infrastructure provided an alternative to a fully functioning executive at national provincial and local levels The intrusive way in which any form of dissent or activism was crushed allowed the presidency to control the direction and narrative of the post war years But the facade of democracy development and stability hid a very different reality for the majority of Angolans who remained poor disenfranchised and marginalized Roque explores the inner workings of the intelligence services army and presidential guard explaining the trajectory of a survivalist and fearful regime presiding over scarcities and injustices She shows that the survival of national security and governing elites was the highest priority The shadows held far more power than institutions and weakened them widening the gap between government and governed *American Druggists' Circular and Chemical Gazette* ,1867 **Politics By**

**Other Means** Richard Abel, 2015-12-22 Politics by Other Means explores the fundamental question of how law can constrain political power by offering a pathbreaking account of the triumphant final decade of the struggle against apartheid Richard Abel presents case studies of ten major legal campaigns including challenges to pass laws black trade union demands for recognition state terror censorship resistance to the independent homelands and treason trials

**Human Rights and the South African Legal Order** John Dugard, 2015-03-08 As an Advocate of the Supreme Court John Dugard observes the South African legal order daily in operation In this book he provides a thorough description and probing analysis of the workings of the system He places South Africa's legal order in a comparative context examining the climate of legal opinion crucial judicial decisions and their significance in relation to contemporary thought and practice in England America and elsewhere He also considers South Africa's laws in the light of its history politics and culture Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Termites of the Gods** Siyakha Mguni, 2015-03-01 Siyakha Mguni's personal journey over many years to discover the significance of a hitherto enigmatic theme in San rock paintings known as formlings In Termites of the Gods Siyakha Mguni narrates his personal journey over many years to discover the significance of a hitherto enigmatic theme in San rock paintings known as formlings Formlings are a painting category found across the southern African region including South Africa Namibia and Zimbabwe with its densest concentration in the Matopo Hills Zimbabwe Generations of archaeologists and anthropologists have wrestled with the meaning of this painting theme in San cosmology without reaching consensus or a plausible explanation Drawing on San ethnography published over the past 150 years Mguni argues that formlings are in fact representations of flying termites and their underground nests and are associated with botanical subjects and a range of larger animals considered by the San to have great power and spiritual significance This book fills a gap in rock art studies around the interpretation and meaning of formlings It offers an innovative methodological approach for understanding subject matter in San rock art that is not easily recognisable and will be an invaluable reference book to students and scholars in rock art studies and archaeology
