Joseph Phillips

Pmp Guide 4th Edition:

PgMP® Exam Practice Test and Study Guide, Fourth Edition Ginger Levin, J. LeRoy Ward, 2013-06-13 PgMP Exam Practice Test and Study Guide Fourth Edition is the book you need to pass the Program Management Professional PgMP exam the first time around. It reflects recent revisions based on PMI's Standard for Program Management Third Edition 2013. Based on best practices that complement PMI's standards, this is the most comprehensive and up-to-date resource available to help you prepare for the exam with new and changed terminology. It includes a list of the major topics covered on the exam organized by the five performance domains: strategic program management, program life cycle, benefits management, stakeholder management, and governance as presented in the Program Management Professional Examination Content Outline. It also includes helpful tips on how to make the most of the time you have available to prepare for the exam. Just like its bestselling predecessors, this indispensable study guide includes 20 multiple choice practice questions for each domain along with a comprehensive answer key. The program life cycle domain includes 20 questions for each of the five phases. Each question also has a plainly written rationale for each correct answer with bibliographic references for further study. Two challenging 170 question practice tests that simulate the actual exam are included in the book and online so you can retake them as many times as necessary. They also include a rationale and reference. Scores for the online tests are presented as if each question is rated similarly, but this edition also includes a new component: the authors' own weighting system for the level of difficulty for each question. This system will show you what they feel meets the exam's criteria for Proficient, Moderately Proficient, and below Proficient. You then will see your scores by domain in both approaches. Supplying an insider's look at the questions' terminology and sentence construction you will encounter on the day of the exam, this indispensable study tool is designed to help you pass the exam and achieve the highly sought-after PgMP certification. [Pmp Project Management Professional Review Guide, 4th Edition from Wiley Efficient Learning](#) Wiley, 2018-04-17 [PMP Practice Makes Perfect](#) John A. Estrella, Charles Duncan, Sami Zahran, James L. Haner, Rubin Jen, 2012-01-04 A unique learning resource to prepare for the PMP certification exam. Without sufficient practice and preparation for taking the Project Management Institute's PMI's PMP certification exam, you won't be able to actually put your skills into practice in the real world. To help you achieve your goal of passing the exam, this two-part prep book covers all elements of the brand new Project Management Professional exam. A team of experts presents you with a solid overview of the exam as well as hundreds of questions, detailed answers, and explanations. In addition, each question is accompanied by cross references providing you with a thorough preparation foundation for taking the PMP exam. Features hundreds of short questions and answers on some of the most key topics that PMPs should be familiar with before taking the exam. Includes more than 800 exam quality questions with detailed answers and explanations plus more than 200 fill-in-the-blank, true/false, and short answer questions to help you prepare for the exam. Serves as an ideal complement to Sybex's PMP Project Management Professional Exam.
