The Legacy of Hans Jonas Hava Tirosh-Samuelson, Christian Wiese, 2008-08-31 Hans Jonas 1903 1993 was one of the most creative and original Jewish thinkers of the twentieth century This volume offers a retrospective of Jonas's life and works by bringing together historians of modern Germany Judaica scholars philosophers bioethicists and environmentalists to reflect on the meaning of his legacy today From a historian of religions who wrote a path breaking monograph on Gnosticism Jonas turned to the philosophy of nature extending his existential philosophy and phenomenological analysis to include all forms of life Unique among twentieth century Jewish philosophers Jonas argued for the possibility of a genuinely symbiotic relationship between humanity and nature which he believed had been suppressed by modern technology Jonas spoke against the human domination of nature on the basis of Jewish sources especially the Bible and Lurianic Kabbalah and he was among the first to define the ethical challenges that modern technology poses to humanity *Augustine in a Time of Crisis* Boleslaw Z. Kabala, Ashleen Menchaca-Bagnulo, Nathan Pinkoski, 2021-03-01 This volume addresses our global crisis by turning to Augustine a master at integrating disciplines philosophies and human experiences in times of upheaval It covers themes of selfhood church and state education liberalism realism and 20th century thinkers The contributors enhance our understanding of Augustine's thought by heightening awareness of his relevance to diverse political ethical and sociological

questions Bringing together Augustine and Gallicanism civil religion and Martin Luther King Jr this volume expands the boundaries of Augustine scholarship through a consideration of subjects at the heart of contemporary political theory

Northrop Frye's Late Notebooks, 1982-1990 Northrop Frye, 2000-01-01 An inveterate notebook keeper Northrop Frye continually jotted down his ideas and thoughts as he worked through the complex schemes of his criticism Volumes 5 and 6 of the Collected Works are the notebooks that he kept while writing his two final books Words with Power and The Double Vision They provide a record of what he was reading and thinking as he struggled with the implications of those projects In a sense they are the workshops out of which the books were constructed While focusing on the works in progress the 3684 entries presented here range over diverse territory never failing to surprise delight and provoke In these notebooks for instance we find comments triggered by a detective story Frye is reading a lecture he has to prepare a glance at the books on his shelves a quotation he remembers a letter received or the memory of a trip In many respects the notebooks reveal a Frye who is quite different from the critic who made his reputation with Fearful Symmetry and Anatomy of Criticism displaying aspects of his personality and thought that are not apparent in his books and essays The notebooks show us the unbuttoned Frye a complex man capable of both spiritual transcendence and hard headed pragmatism Here for instance his criticism of Catholicism is far more acerbic than in anything he published Likewise his rejection of both Marxist and feminist ideology is far more pointed than elsewhere These two volumes include seven of Frye's handwritten notebooks and five collections of his typed notebooks all previously unpublished The material is the record of an extraordinary intellectual odyssey an odyssey that is at its base deeply spiritual

"It is the Spirit that Gives Life" Gitte Buch-Hansen, 2010 Since Origen and Chrysostom John's Gospel has been valued as the most spiritual among the New Testament writings Although Origen recognizes the Stoic character of John's statement that God is pneuma 4:24 an examination of the gospel in light of Stoic physics has not yet been carried out Instead the Johannine spirit has been absorbed into the Word and lost its distinct character as physical mediator between the divine and humane spheres Combining her insight into Stoic physics and ancient physiology the author situates her thesis in the major discussions of modern Johannine scholarship and demonstrates new solutions to well known problems

Book Jacket *The Spirit-Paraclete in the Gospel of John* George Johnston, 2005-10-06 This book attempts to make a contribution to the New Testament doctrine of the Spirit with special reference to the paraclete problem Dr Johnston begins with the use of the word spirit in the Gospel of John and treats it as primarily impersonal It denotes divine power or energy God acts by his spirit both to create and to redeem The Fourth Evangelist shows Jesus as the incarnate Word a man uniquely inspired whose absence after death is compensated for by an outburst of spiritual powers in his Church The paraclete is representative of God or of Christ and the Johannine teaching is that no angel mediator no holy spirit like the Archangel Michael can take Christ's place But truly inspired leaders acting as teachers exegetes martyrs and the inspired Church itself as a communion of love do embody the spirit paraclete and do continue to represent Jesus Special attention is paid to recent

research on this subject mainly in the area of the Dead Sea Scrolls Dr Johnston argues that in insisting that the true spirit paraclete must always exalt and interpret Jesus of Nazareth as the final revelation of God in man John was in fact combating heretical views **Schöpfung und Gestaltung** Adolf Portmann,1967 Pneuma and Logos John W. Wyckoff,2010-09-01

The role of the Holy Spirit in the writing of Scripture and the role of the Holy Spirit in the understanding of Scripture are corollary ideas The first one of these usually referred to as the Inspiration of Scripture has been extensively discussed by the Early Church Fathers theologians and other Bible scholars from the earliest centuries of the Church until the present Likewise the second of these corollary ideas the role of the Holy Spirit in the understanding of Scripture has been widely considered from the time of the Early Church Fathers However this idea usually referred to as the Illumination of Scripture has not been as extensively discussed as the corollary doctrine of Inspiration Consequently many aspects of the Holy Spirit s relationship to Biblical Hermeneutics remain open for fruitful discussion The notion that the Holy Spirit plays some role in the interpretative process of understanding Scripture raises many issues and questions Does the Holy Spirit even play any role at all in the interpretative process If so what then is the role of the human interpreter in relationship to that of the Holy Spirit Can the Holy Spirit s role be conceptualized in some meaningful way If and when the Holy Spirit plays a role in interpretation what difference does it make in the outcome of understanding This book intends to further the discussion of these and other issues related to the idea of the role of the Holy Spirit in Biblical Hermeneutics It briefly surveys both past and contemporary thought on this theme It then suggests how the Holy Spirit s role might be conceptualized Since this conceptualization is necessarily metaphorical various models are presented as vehicles for furthering discourse on the subject Finally it attempts to describe the results of the Holy Spirit s activity of illumination and suggests areas for further study on the topic 詹姆斯·D·G·邓恩 (James D. G. Dunn),2012 Walter Brueggemann *Testemunhas digitais* Padre Anderson Marçal,2015-01-25 Originado na tese de doutorado do autor Testemunhas Digitais traz a importância da mídia e da tecnologia na propagação de ideias pensamentos e principalmente na formação familiar social e cultural das pessoas Para os cristãos a mídia se torna uma importante ferramenta de disseminação do evangelho pois quando um meio de comunicação usado por pessoas formadas na sua identidade Cristã informa o passado adquire um peso relevante Uma vez atingido pela mensagem de Jesus não se pode conter em não anunciá-la Padre Anderson Marçal nos apresenta a importância da Igreja em manter-se sempre atualizada inovando-se nos meios de transmitir a mensagem do evangelho para que este atinja a todos O livro um convite a pastores religiosos e leigos inserir-se neste mundo midiático e simboliza a esperança existente no coração de cada ser humano comunicar-se com Deus **Kathryn Kuhlman, A Theology of Miracles** Dr. Margaret English de Alminana,2021-04-01 Kathryn Kuhlman helped to shape a generation of Pentecostal Charismatic theology and practice by reintroducing a depth of spirituality which harkened back to the teachings of the mystics She introduced the concept of spiritual silence to a generation of Sawdust Trail Pentecostals known for their exuberant and lively worship services and she Der Geist als
