**School and Community in Less Developed Areas** Kevin M. Lillis, 2025-09-01 There has long been a debate about the role of schools and relevant education in community development in less developed areas Efforts are continually being made to relate the work of schools more closely to the life of the local community First published in 1985 *School and Community in Less Developed Areas* discusses this important subject This volume considers relevant theory and reviews specific examples to highlight the difficulties of translating intentions into practice It examines the problem as it relates to education at different levels and looks at the problem in relation to less developed areas both Third World countries and the more backward parts of developed countries from right around the world The book will be a beneficial read for students and researchers of education *Nursing Research*, 1954 *Restorative Justice in Educational Settings & Policies* Dennis S.W. Lui, Rick Sarre, 2019-04-01 Edited by two leading restorative justice scholars from the West and East this unique e book bridges a gap in the literature by bringing together new evidence on the application of restorative practices in educational settings The book has two aims First it builds a bridge between the restorative justice world in the East with that of the West The volume demonstrates how similar the theoretical and practical experiences are in the two sides of the world It presents us with evidence of what works in policy research and practice and allows us to make comparisons for the future Secondly the book challenges restorative justice which is often seen through the narrow lenses of the criminal justice system BOOK REVIEW It is arrogant indeed to think that schools in the west have all the answers and we are somehow more advanced in our thinking and practice The scope of the chapters in this book travails many of the issues that face schools and systems everywhere This book is highly recommended for anyone practicing studying or legislating restorative justice in educational settings Restorative practice is who we are not what we do Margaret Thorsborne Restorative practitioner trainer facilitator and author Table of Contents Foreword Margaret Thorsborne Note on Contributors Restorative Justice Series by RJ4All Publications Introduction Acknowledgements Restorative Justice in Educational Settings and Policies Bridging the East and West Dennis Wong and Theo Gavrielides PART I Lessons and experiences from the West Chapter 1 A Betrayal of Trust Sexual Abuse of Minors in Western Educational Settings Solutions with Restorative Justice Mark Tsagas Chapter 2 Restorative justice in European educational settings Preventing youth violent radicalisation Sara Natividade and Giorgia Varvello Chapter 3 Changing teacher s attitudes and Empowering pupils A Restorative Justice approach in the UK Marianne Kiff Chapter 4 Restorative justice in schools Lessons learned from Poland Beata Czarnecka Dzialuk PART II Lessons and experiences from the East Chapter 5 Restorative Justice as a Tool of Education of Empowerment and Social Change in South Korea Ahn Eunkyung Chapter 6 Regulating road traffic violation by youth in India A Therapeutic Jurisprudential approach Debarati
