consistent mode of reference citation and has provided a composite list of abbreviations to facilitate easy access to this wealth of information Perhaps the single most important lexical innovation of Danker's edition is its inclusion of extended definitions for Greek terms For instance a key meaning of episkopos was defined in the second American edition as overseer Danker defines it as one who has the responsibility of safeguarding or seeing to it that something is done in the correct way guardian Such extended definitions give a fuller sense of the word in question which will help avoid both anachronisms and confusion among users of the lexicon who may not be native speakers of English Danker's edition of Bauer's Wörterbuch will be an indispensable guide for Biblical and classical scholars ministers seminarians and translators
