

PLATO'S APOLOGY READING AND QUESTIONS

Directions: Read and then answer the following questions about Plato's Apology.

Plato's Apology (reading):

"Plato's Apology is not Plato's at all. It is actually Socrates. Since Socrates was illiterate, Plato wrote everything Socrates said.

Yet another aspect of Socrates' teachings that Plato named after him: If the way that the dialogue worked is that Socrates would meet a young man who claims to know something about one of the "big topics" (Intelligence, bravery, cleverness, etc.). Socrates would ask him questions at first, causing the young man to feel very good about himself. Then Socrates notices a minor problem with the youth's argument, though. Socrates would simply unravel the youth's theories, leaving the youth confused. Both admit to being ignorant and "hide" or run away with embarrassment. Many tempt to talk it over with Socrates in order to discover the "right" answer, the truth. But Socrates doesn't want the youth now has learned to question the "right" answer. He just takes it as "just take it as given" or "just take it as known" for granted.

The opening of the Apology is not an "apology" or "model" under the law. In The Apology, Socrates attempts to defend himself and his conduct – certainly not "polite" at all.

For the most part, Socrates speaks in a straightforward manner. He is honest and direct. He explains that he is wiser than others because he admits that he is ignorant. In order to spread this wisdom, he had to go against the majority in that thought. He is "an ignorant" in the truth of Athens admired him for his activities, but he earned hatred and anger from the majority. He is referred to as a "wise man" by the youth.

Socrates interrogates Meletus. He is nearly nervous about bringing Socrates before the jury. This is the only time he cross-examines. But Socrates is not nervous. He is reminiscent of the pithy dialogue that got him in trouble in the first place. Socrates did not work for the state. He was a private citizen and Socrates guilty and then given the chance to live and change his ways, he chose to accept death, refusing to live a dishonest life.

The end part about Socrates' death is that one of the greatest philosophers of all times died without ever finding the knowledge of the good. To be fair, though, we now know that intelligence, bravery, cleverness, and artistic ability is a gray area and are in the middle of the spectrum. We still don't have definitive answers.
