

## Example 8

(A short-answer item for a second-grader:) These letters are all vowels: A, O, U, E. What is another vowel? \_\_\_\_\_

This item looks okay to me. I don't have the foggiest notion whether the content of the item is developmentally appropriate or curricularly appropriate for second-graders. I hope so. The item is intended to elicit an / as an answer. I think you'd have to agree that, because of the brevity of the item's intended answer, it is almost a "shortest-answer item." If some precocious second-grader tossed in a Y or W, those two "occasional" vowels, I'd give such a kid full credit.
