

## PLATE 100: Final Review Questions (2012) Major Concepts Collection

1. The first step in the process of creating a business plan is to determine the purpose of the plan. The purpose of the plan is to provide a clear and concise statement of the business's goals and objectives, and to outline the strategies and tactics that will be used to achieve them.

2. The second step in the process of creating a business plan is to conduct a market analysis. This involves researching the market for the business, identifying the target market, and determining the competitive landscape.

3. The third step in the process of creating a business plan is to develop a financial plan. This involves estimating the costs of the business, determining the revenue, and calculating the profit. The financial plan should also include a cash flow statement and a balance sheet.

4. The fourth step in the process of creating a business plan is to develop a marketing plan. This involves identifying the marketing strategies and tactics that will be used to promote the business and attract customers. The marketing plan should also include a budget for marketing activities.

5. The fifth step in the process of creating a business plan is to develop an implementation plan. This involves outlining the specific steps that will be taken to implement the business plan, and assigning responsibilities for each step.

6. The sixth step in the process of creating a business plan is to develop a monitoring and evaluation plan. This involves establishing a system for tracking the progress of the business plan, and identifying areas for improvement.

7. The seventh step in the process of creating a business plan is to develop a conclusion. This involves summarizing the key findings of the business plan, and providing a final statement of the business's goals and objectives.
