Pocahontas And The Strangers Study Guide:

The Myths That Made America Heike Paul, 2014-08-15 This essential introduction to American studies examines the core foundational myths upon which the nation is based and which still determine discussions of US American identities today. These myths include the myth of discovery, the Pocahontas myth, the myth of the Promised Land, the myth of the Founding Fathers, the melting pot myth, the myth of the West, and the myth of the self-made man. The chapters provide extended analyses of each of these myths using examples from popular culture, literature, memorial culture, school books, and every day life. Including visual material as well as study questions, this book will be of interest to any student of American studies and will foster an understanding of the United States of America as an imagined community by analyzing the foundational role of myths in the process of nation building.

Teaching Children Diane D. Lopez, 1988 An excellent educational approach which naturally integrates a Christian world view and scriptural principles. Teaching Children draws on noted English educator Charlotte Mason and the Child Light approach to learning. Child Light puts children in touch with fine literature and teaches them through the use of living books.

Introduction by Susan Schaeffer Macaulay *Subject Guide to Books in Print*, 1971

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social, and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors, all scholars of American history.
