

Poetry Analysis

By: Naomi Almero

What is poetry analysis? Poetry analysis is when you, personally, take the time to read and understand a poem while analyzing it. When you analyze poetry, you have to understand it thoroughly and find the flow of the writing from the writer him or herself. To analyze is to examine methodically and in detail the constitution or structure of information, typically for purposes of explanation and interpretation. I analyzed five poems: *A Thank-You Note* by Michael Ryan, *Mending Wall* by Robert Frost, *Medusa* by Louise Bogan, *Two Guitars* by Victor Hernández Cruz, and *The Widow's Lament in Springtime* by William Carlos Williams. Each poem was unique and well-written by its author and contains entertainment as you read through each word, through each syllable. In my opinion, I love reading poems, but I love understanding them more because then, I feel more connected or I feel in sync with what the author wanted to tell its reader. Each poem has a special meaning through their context and rhythm and with each literary technique, each poem becomes more of a connection. Like with similes and metaphors, they compare an item to another item or person, but there's a reason that they did. How does analyzing poetry help you better understand? When you read a poem, you use your knowledge to better comprehend the poem whether you have little knowledge. Always remember that poets use literary techniques in every poem to show or achieve a particular effect.

In *A Thank-You Note* by Michael Ryan, I noticed a story in the poem about a father thanking a friend of his because she sent his daughter pens to write with to show a healing process. Do you know what happened that might have hurt her? No, you don't because the poet has left that with you to understand thoroughly. Michael Ryan had a rhyming pattern in the poem, with words like "card" and "hard," "sent" and "instrument", and "done" and "one" to rhyme. To rhyme is to have or end with a sound that corresponds to another. He also had another literary technique known as a simile. My example in his poem was "Who can love you as your child does?" A simile is a figure of speech involving the comparison of one thing with another of a different kind, used to make a description more emphatic or vivid. In this case, he was comparing the love your child gives you to anyone else.

Robert Frost wrote a poem called *Mending Wall*. I noticed that when I read the poem that he used repetition as a literary technique. He would always repeat "Good fences make good neighbours." When you use repetition, it is usually used to emphasize on something, but when I read that line the first time, the only word that came to mind was alone or

Mapping Indigenous Presence Kathryn W. Shanley, Bjørg Evjen, 2015-05-14 Despite centuries of colonization many Indigenous peoples' cultures remain distinct in their ancestral territories even in today's globalized world Yet they exist often within countries that hardly recognize their existence Struggles for political recognition and cultural respect have occurred historically and continue to challenge Native American nations in Montana and Sámi people of northern Scandinavia in their efforts to remain and thrive as who they are as Indigenous peoples In some ways the Indigenous struggles on the two continents have been different but in many other ways they are similar Mapping Indigenous Presence presents a set of comparative Indigenous studies essays with contemporary perspectives attesting to the importance of the roles Indigenous people have played as overseers of their own lands and resources as creators of their own cultural richness and as political entities capable of governing themselves This interdisciplinary collection explores the Indigenous experience of Sámi peoples of Norway and Native Americans of Montana in their respective contexts yet they are in many ways distinctly different within the body politic of their respective countries Although they share similarities as Indigenous peoples within nation states and inhabit somewhat similar geographies their cultures and histories differ significantly Sámi people speak several languages while Indigenous Montana is made up of twelve different tribes with at least ten distinctly different languages both peoples struggle to keep their Indigenous languages vital The political relationship between Sámi people and the mainstream Norwegian government and culture has historically been less contentious than that of the Indigenous peoples of Montana with the United States and with the state of Montana yet the Sámi and the Natives of Montana have struggled against both the ideology and the subsequent assimilation policy of the savagery

versus civilization model The authors attempt to increase understanding of how these two sets of Indigenous peoples share important ontological roots and postcolonial legacies and how research may be used for their own self determination and future directions **Cracking the AP English Literature and Composition Exam, 2014 Edition** Princeton Review (Firm),2013-09-03 If a student needs to know it it s in these books Includes comprehensive glossaries of key terms practical targeted advice for writing high scoring essays updated strategies that reflect the AP test scoring change and practice exams
