Women Judges Ulrike Schultz, Masengu Tabeth, Avrom Sherr, 2024-06-14 Do women have equal chances in the judiciary Although women have made their way into law faculties in many countries of the world they still face drawbacks in judicial careers This book delves into the different aspects of women at work in the judicial environment focusing on judicial appointments promotions the glass ceiling and representation in high positions of the judiciary across international settings such as Nigeria South Africa Philippines Turkey Spain and Northern Ireland The contributions go beyond the classical career issues by digging into several questions related to women at work in the judicial environment such as Are women accepted by their colleagues and by clients at court male and female Do they get the recognition they deserve or is there indecent

behaviour and discrimination against them What about work life balance And how do women judges perceive their role The book offers valuable insights by questioning and criticising the status quo paving the way to a gender equal future in the judiciary A significant new contribution to international scholarship in the field this book was originally published as a special issue of the International Journal of the Legal Profession **Military Psychology for Africa** Gideon AJ van Dyk,2016-03-17

Military Psychology for Africa is the first textbook of its kind from Africa Selected authors with competent military psychology knowledge skills expertise and experience each contributed a chapter to this unique book The book empowers academics students and military fellows to apply this knowledge at academic institutions and military units during operations and in presenting short courses The book will also equip soldiers with new knowledge for advancing peace on the continent and abroad **Leadership in Dangerous Situations, 2nd Edition** Patrick Sweeney,Michael D. Matthews,Paul D.

Lester,Sean Hannah,Brian Reed,2022-12-15 This guide which for years has prepared military emergency and first responders to face psychological social and physical challenges of leading in dangerous contexts has been updated The author team which includes scholars and practitioners has integrated current research findings incorporated topics not covered in the prior edition and has created a reference work relevant to leaders at all levels entry mid and senior in organizations that operate in dangerous contexts **Leadership in Dangerous Situations Second Edition** includes nine new chapters that address character development ethical decision making and action leading in uncertain times empowering initiative leading taskforces and cross functional teams operating in complex social and political environments tactical and operational decision making and planning red teaming and incident command The authors wrote their chapters as acts of service to enhance the professions that serve their countries and societies **Intersections in Simulation and Gaming: Disruption**

and Balance Anjum Naweed,Lorelle Bowditch,Cyle Sprick,2019-08-26 This book constitutes the refereed proceedings of the Australasian Simulation Congress ASC 2019 held in Gold Coast Australia in September 2019 The 10 papers presented were carefully reviewed and selected from 17 submissions They provide a forum for sharing progresses in the areas of human dimensions gaming experience design and application search and rescue defence oriented technology and training

Hurd, William Beninati, 2019-07-04 Now in its fully revised and expanded second edition this volume is the definitive resource on long distance air transport of injured patients in both peacetime and wartime It discusses the history of aeromedical evacuation triage and staging of the injured patient evacuation from site of injury to medical facility air frame capabilities medical capabilities in flight response to in flight emergencies and mass emergency evacuation Specific medical conditions are addressed in detail in the second half of the book including general surgical casualties such as abdominal wounds and soft tissue injuries vascular injuries maxillofacial injuries head and spinal cord injuries ophthalmologic casualties orthopedic casualties burns pediatric casualties obstetric gynecologic casualties and more For each medical condition important topics are addressed such as conditions needed to be met before transportation special concerns supplies and needs of the specific patients and possible in flight emergencies and their appropriated treatment Containing several new chapters and featuring extensively updated contributions from experts in the field **Aeromedical Evacuation Management of the Acute and Stabilized Patient Second Edition** is a must have reference for a whole new generation of military flight surgeons and flight nurses responsible for aeromedical evacuation of casualties as well as civilian physicians and nurses involved in air transport of ill and post operative patients

First Platoon Annie Jacobsen, 2022-01-25 A powerful story of war in our time of love of country the experience of tragedy and a platoon at the center of it all This is a story that starts off close and goes very big The initial part of the story might sound familiar at first it is about a platoon of mostly nineteen year old boys sent to Afghanistan and an experience that ends abruptly in catastrophe Their part of the story folds into the next inexorably linked to those soldiers and never comprehensively reported before is the U S Department of Defense s quest to build the world s most powerful biometrics database with the ability to identify monitor catalog and police people all over the world **First Platoon** is an American saga that illuminates a transformation of society made possible by this new technology Part war story part legal drama it is about identity in the age of identification About humanity physical bravery trauma PTSD a yearning to do right and good in the age of biometrics which reduce people to iris scans fingerprint scans voice patterning detection by odor gait and more And about the power of point of view in a burgeoning surveillance state Based on hundreds of formerly classified documents FOIA requests and exclusive interviews **First Platoon** is an investigative expos by a master chronicler of government secrets **First Platoon** reveals a post 9 11 Pentagon whose identification machines have grown more capable than the humans who must make sense of them A Pentagon so powerful it can cover up its own internal mistakes in pursuit of endless wars And a people at its mercy in its last moments before a fundamental change so complete it might be impossible to take back

Silencing the Guns in Africa Antonio Garcia, Jacob Udo-Udo Jacob, 2025-03-14 The scholarship of this book

is drawn from local and international experts by framing critically a number of discourses on matters of security conflict violence and peace on the African continent It is indeed a breath of fresh air to the scientific community largely because it contributes to the on going debates on security issues Dr Ntsikelelo Benjamin Breakfast Director of the Center for Security Peace and Conflict Resolution at Nelson Mandela University This book makes a deep contribution to scholarly literature on conflict studies peacekeeping and peacebuilding in Africa Written largely from the perspective of the applied social sciences it is empirically rich and offers refreshing insights into social behaviour in military contexts This is a timely contribution because current public discourse in South Africa is centred on the gains and missed opportunities of thirty years of democracy and new lenses are welcome Many of the chapters reflect South African experiences This is to be welcomed as it demonstrates that scholars and practitioners from the country are reflecting on the complexities of South African experiences of defence and security matters in contemporary times Dr Sandy Africa Director of Research at Mapungubwe Institute for Strategic Reflection MISTRA This volume brings together the voices of scholars and practitioners a diverse group of writers who are passionate about and committed to creating a safer more prosperous and peaceful Africa Each with their own specialism this work combines many different world views and approaches Conflict in Africa is an impossibly broad topic to cover in a single edited publication and so we focus on a select number of case studies expositions and themes

South Africa's Post-Apartheid Military Lindy Heinecken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994 In South Africa's changed political state how has civilian control of the military been implemented and what does this mean for defence in a democracy This book presents an overview of the security environment how the mission focus of the military has changed and the implications for force procurement force preparation force employment and force sustainability The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force the effect of affirmative action on meritocracy recruitment and retention military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged HIV AIDS and the consequences this holds for the military in terms of its operational effectiveness In closing the author highlights key events that have caused the SANDF to become lost in transition and transformation spelling out some lessons learned The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world

Creating a South African Sub-Regional Conflict Transformation Model Noluthando Phungula, 2024-01-11 This book contributes to the current academic debate and scholarly research on conflict transformation in the Southern African Development Community SADC sub region It will serve as a guide on how conflict recurrences can best be tackled in the sub region and seeks to improve the transformation process of conflict and peace building in the Kingdom in the Sky and in the

sub region at large The book will shed light on the road ahead for the SADC and its role in transforming conflict into positive peace and peace building and will contribute to discussions on the necessity of a conflict transformation model as a key tool in efforts to transform the state of recurring intrastate conflict in Lesotho Thus this book will also enhance the literature and discourse on sub regional organisations and their path towards conflict transformation on the African continent

Outsourced Empire Andrew Thomson,2018-06-20 There has been a shift in the way that we understand the forces behind imperialism In this book Andrew Thomson re evaluates the history of US imperialism from the Cold War to today by looking at the influence of paramilitary actors Thomson reveals how these agents are central to US imperialism from the Guatemalan coup to the Bay of Pigs from Syrian rebel factions to the Soviet Afghan War bringing these narratives together to reveal the evolution of paramilitary insurgencies across the globe Militias mercenaries and private companies PMCs have formed a central part of the strategies designed to influence political and economic conditions abroad oriented towards the US s Empire Drawing on declassified documents including US training manuals CIA communiqués and the National Security Archive Outsourced Empire reveals new evidence that helps us understand these institutions and their collective role in maintaining global order *Military Review* ,2017 Human Resource Management Talya Bauer,Berrin Erdogan,David Caughlin,Donald Truxillo,2023-11-28 Human Resource Management People Data and Analytics Second Edition introduces students to the fundamentals of talent management with integrated coverage of analytics in every chapter Features tied to SHRM competencies and data exercises offer hands on opportunities to practice the analytical and decision making skills needed to excel in today s job market The Political Economy of State Intervention Gavin Poynter,2020-11-25 Both the exponents and critics of neoliberalism assert the dominance of market forces in western nations The Political Economy of State Intervention calls this into question Through a re examination of state intervention in the USA and Britain over the course of the long depression 1970 to date this book argues that the state has performed an increasingly significant role in conserving capital propping up an economic and social order that has lost its productive dynamism The specific forms of capital s dependency on the state may vary however the underlying weaknesses of mature western economies have prompted new forms of state intervention narrowly aimed at conserving capital especially in the wake of the financial crisis The chapters consider factors which are usually posited as explanations for the long depression such as oil price shocks domestic conditions and technological innovation The work argues that the consensus view of neoliberalism has served to underplay the significance of the state s role in failing to lift this long depression in several ways it has lent a greater ideological coherence to the policies pursued by successive governments than they deserve the state has been less subordinate to the market than is usually claimed and more often its maker and there has been a significant growth in jobs located in the private sector that are funded by public money The cumulative effect of this is a narrowing of the state s purpose to conserving capital a role which has contributed to its loss of authority as an institution that claims to represent society as a

whole It is theorised that this in turn has led to the insecurities of the existing political order and the rise of populism This book will be of great interest to students and scholars of political economy public policy political theory economics and sociology

Game Changers in Management Monika Hajdas,2024-03-12 A game changer is a metaphor commonly used to describe a broad range of events and phenomena in different fields and domains from natural disasters through economic crises emerging narratives technological or social innovations to conflicts and political or military interventions Although precise definitions of a game changer vary and its conceptual boundaries remain blurred scholars agree that its main quality is the ability to change the status quo Management scholars have long been interested in increasing the relevance and impact of their studies by addressing a diverse range of global issues This aspiration to offer significant and meaningful theoretical practical and societal contributions has led to the advent of strand of management research related to grand challenges Solving any of these challenges could be a game changer not only from management studies perspective but also from a wider social standpoint
