Safe Streets Assembly Bridget Halfaker, 2014-12-24 This is a play about Safe Streets It is a student run production geared towards elementary aged students It guides the viewer through six simple games that teach six simple rules of the road The intent is to create a community of safe street users These materials are free to reproduce and use for educational purposes They are not to be used for resale or for profit Safe Streets Reconsidered United States. Percival,2015-07-28 The most punitive era in American history reached its apex in the 1990s but the trend has reversed in recent years Smart on Crime The Struggle to Build a Better American Penal System examines the factors causing this dramatic turnaround It relates and echoes the increasing need and desire on the part of actors in the American government system to construct a penal system that is more rational and humane Author Garrick L Percival points out that the prison boom did not naturally emerge as a governmental response

to increasing crime rates Instead political forces actively built and shaped the growth of a more aggressive and populated penal system He is optimistic that the shifting political forces surrounding crime and punishment can now reform the system explaining how current political actors can craft more constructive and just policies and programs The book shows how rationality and humanitarianism lead to a penal system that imprisons fewer people does less harm to the lives of individual offenders and those close to them and is less expensive to maintain The book presents empirical data to concretely demonstrate what is working and what is not in today s penal system It closely examines policies and practices in Texas Ohio and California as comparative illustrations on what progress has been made or needs to be made in penal systems across the United States The book includes a comprehensive discussion of highlighted issues and relates more than two dozen interviews with pivotal political actors who clarify why there is a major shift underway in the American penal system Their insights reveal paths that can be taken to improve the current penal system      *Electrical Installation Record* ,1928      Acts of the General Assembly of the Commonwealth of Kentucky, Passed Kentucky,Kentucky.
