The M.A.X. Muscle Plan 2.0 Brad J.

Schoenfeld,2021-10-01 Results from The M A X Muscle Plan 2.0 speak for themselves: thousands have successfully transformed their bodies by following the program. It is the blueprint for achieving and maintaining maximal muscle development. Widely regarded as one of America's leading strength and fitness professionals, Brad Schoenfeld has won numerous natural bodybuilding titles and has been published or featured in virtually every major fitness magazine. Now the best selling author brings his expertise to a resource that has everything needed for completing a total body transformation in just six months. The M A X Muscle Plan 2.0 Second Edition is packed with step by step directions for 106 of the most effective exercises and over 200 photos that demonstrate the revolutionary muscle building program. Schoenfeld provides a science based program specifically designed to promote lean gains and help you reach your ultimate muscular potential. The book's three phase total body program can be customized to your individual needs to dramatically transform your physique in just six months time. For those who are relatively new to resistance training or are coming back from a prolonged layoff, there is a M A X break in routine designed to prepare the body to deal with the rigorous nature of the M A X Muscle Plan program. Further, there are chapters devoted to providing cardio training guidelines and nutrition recommendations based on the latest scientific research that complement the M A X Muscle Plan program. The second edition has been completely revamped to include updated science and research based evidence as well as 12 sidebars that break down specific topics and offer applied examples. Two new chapters have also been added: a chapter with detailed information on the M A X Muscle Plan warm up and a Q A chapter that provides answers to 13 common questions Schoenfeld has received since the first edition of the book. **Health Big Book of 15-Minute Workouts** Selene Yeager, Editors of Women's Health Magazine,2011-10-25 Time is every woman's most precious commodity and a lack of it is the number one reason in survey after survey that women give for why they don't exercise. But research now shows that as little as 15 minutes of resistance training is just as effective in spiking one's metabolism as a workout lasting more than twice as long. All it takes is 15 minutes to achieve lifelong results and women are more likely to stick to an exercise plan if it's chopped down to those 15 minutes. The Women's Health Big Book of 15 Minute Workouts is both an introduction to the fundamentals of short workouts and a comprehensive collection of

hundreds of the most effective ones These workouts have been designed for every fitness goal from total body conditioning to targeting trouble spots with exercises like the 15 Minute Flat Belly without a Single Crunch Workout Other highlights include an eating plan with delicious meals that take 15 minutes or less to prepare workouts for when you're stuck in traffic or traveling and can't make it to the gym hundreds of tips from America's best trainers nutritionists and exercise scientists
