Curriculum Planning Defining curriculum broadly as what is taught in schools this practical text arranges content around two  
major themes 1 curriculum processes involve decision making by people who are guided by their beliefs and values about  
what students should learn and 2 curricular change occurs only after individuals have made internal transitions Unlike its  
competition this text painstakingly bridges curriculum theory to practice exploring ways to develop curriculum implement a  
curriculum plan and assess a school s curriculum by applying chapter content to sample curriculum projects Through
