Soul Sacrifice Ruby S. Garnett, 2011-11-18 A shockingly true account of a woman living part of her teenage years and young adulthood as a Muslim wife and eventually became part of a Harem inside of one of the most influential underground cults in the United States Assuming the pen name of Ruby Garnett at the request of her family the author recounts the circumstances that led her to eventually be enticed by the religious extremist dogma of one of the most charismatic influential underground cult leaders Black America has seen since the likes of Father Divine

Garnett has a candidly intimate conversation with the reader about her state of mind from beginning to end She wrote Soul Sacrifice for the children that came forward to let someone know about the sexual abuse they suffered at the hands of Nuwabian cult leader Malachi York Despite the threats harrassment and lack of support from some of their own brainwashed parents these brave survivors of abuse are the reason this story needs to be heard **Preppers Survival Pantry! This Guide About How To Effectively Use Survival Pantry Techniques For Beginner's Old Natural Ways,2021-08-30

The prepper s pantry is a very important part of their survival kit It usually consists of a large refrigerator that stores a lot of perishables and canned goods a small stove with stoves some utensils such as knives large pots pans baking pans and the most important a collection of freeze dried foods They have a variety of different foods to provide for different needs for example if someone in the family is diabetic they may need a special type of diabetic food or they may just need something to keep them warm during severe weather This guide will give you some tips on what foods you should have on hand This guide will also give you information on what foods you should avoid having in your preppers pantry This will help ensure that you are providing for your family s needs instead of just going off half cocked when disaster strikes You want to be prepared so that you do not have to rely on others to feed you Following this guide will ensure that you have enough food storage to last you through at least two weeks without any problems If you have a prepper in your family it is very important to talk to him or her about the type of pantry they have In fact many preppers are starting to do their own grocery shopping so that they know where to buy the best foods at all times This will save them a lot of money Some families even go so far as to buy freeze dried foods that are packed in cans It saves them time because it can get overwhelming to sort through all of the different brands Another thing you should have in your hidden preppers pantry bed are multiple cans of powdered drinking water Many preppers depend on canned foods for their survival food supply However most people that live in an area where there is no running water do not know how to properly store the canned foods With the proper pantry and a good storage system you can easily prepare healthy meals for your family **52 Prepper Projects** David Nash,2013-11-01 Are you and your family

confronting disaster by mastering survivalist skills This trend of self reliance is not merely evidence of the American belief in the power of the individual rather this pragmatic shift away from expecting government aid during a disaster reflects a weakened belief in the bond between government and its citizens during a time of crisis This ethnographic study explores the rise of the urban preppers subculture in New York City shedding light on the distinctive approach of city dwellers in preparing for disaster With attention to the role of factors such as class race gender and one s expectations of government it shows that how one imagines Doomsday affects how one prepares for it Drawing on participant observation the author explores preppers views on the central question of whether to bug out or hunker down in the event of disaster and examines the ways in which the prepper economy increases revenue by targeting concerns over developing skills building networks securing equipment and arranging a safe locale A rich qualitative study Bracing for the Apocalypse will appeal to scholars of sociology and anthropology with interests in urban studies ethnography and subcultures
