

## Preschool Observation's Review

Information Child's Age: 3.5 years. Date and time of day: 11/20/2018 9:30 AM-11:00 AM. Observation Site or Location: Challenger school - Preschool classroom. Number of children present: 12 (Including the child) Number of adults present: 2 teachers and me Section I: Describe the indoor environment: The classroom has a naturalistic feel to the environment. It was pretty well organized and it was very spacious and filled with natural lightings. Once we enter, the left side of the classroom has small cubbies each with a hook and it is labeled with number, shape, and name of each child where they can keep their belongings like jackets and their paperwork. The cubbies are followed by a big display board that has the best works (art) of the children. Then there is a big whiteboard and a small apple display in which the teachers are playing songs to the children. In the left corner, there was a door to the play area which was kept closed. Followed by the door was a series of shelves that has all kinds of art supplies, books, wooden blocks, craft supplies and so on. Next, to the shelves, there was a dramatic play section with some pretend and play toys such as kitchen counters with toy vegetables, fruits and food items, toy babies in the cribs and dresses (fireman hats, doctor coats, etc.). To the right side, there was a sink (for washing hands), and small faucet for the water fountain and then a restroom. The center of the classroom has a small table and chairs and a big mat with shapes in it. The kids used to sit on the rug during circle time. Section II: Choose a child to observe and provide a detailed, head-to-toe physical description of the child. The child I choose to observe was Anya who has a light skin, long black hair, brown eyes, and cute little baby teeth. She is tall for her age with chubby cheeks and cute smile. She is wearing a burgundy colored T-shirt with a checked gray skirt and a black pant and black shoes. She is of average height for her age and weighs around 28 pounds. OBSERVATION: The class starts with an opening routine in which all the children cleaned up all the toys. Followed by opening routine was phonics time. The teacher taught them the letter B and its sound and the words that start with letter B. The teacher pointed out Anya and asked her to say the letter on the board and its sound. Anya said "B". The teacher said good Anya "Can you tell the sound that letter b makes. She said "B says buh buh". The teacher said very good. She smiled. The children were given with a worksheet to circle the words that starts with B. Anya went to the table from the mat and she sat on the chair and started circling the words as the teacher explains. While she was doing that one of the other kids spoke to her in her ears. She also whispered in her ears and they both laughed. Teacher noticed it and asked all the students to listen. After phonics the teacher asked all the students to go back to the mat for circle time. Anya was the first one in the class to sit on the mat and she was very excited. The teacher played the song and Anya started to sing along with it doing some cute actions. She started to rise her hands up and down and clapped the hands when the song "clap your hands" was playing. After the circle time all the kids went to recess. Anya went to the restroom peed and flushed and she came out and washed her hands in the sink. She did everything perfectly. The children went to the play area through the other side of the door. Anya
