McCracken,2011-10-27 On the planet Evan there is tumultuous change on the wind The southern continent has been

embroiled in a long period of war and its ruler Prince Stefan has long been preoccupied with protecting it from the subversion of his wife's family. A diverse group of travellers—soldiers, healers, shape shifters, animals, and extraterrestrial beings—experience a shift in consciousness as they interact with strange beings and powerful mystical forces on the Arcadian Plateau who want to teach the travellers how to listen to the songs that play within their own hearts. Leading the group is Commander Ian Vandos, a battle-hardened warrior who is also a man of great gentleness and principle. His journey across the Plateau opens him to the vulnerability of love and to the stirrings of intuition. His ally Marconious, a shape shifter, struggles with the karmic responsibility of his race. When he allows himself to explore the hope offered through his wife Jardene, their remarkable offspring and the cleansing power of a new consciousness, Marconious finds a potential path to salvation. At centre stage is the magnificent green solar dragon Zineac. Powerful, pithy, and just a tiny bit manipulative, Zineac directs events and individuals while just managing to avoid transgression of their free will. He appears with critical timing to act as their guide, protector, and counsel. Yet in order to strengthen and transform them, the wise dragon will not hesitate to thrust them into experiences that are provocative and at times terrifying.

In another dimensional shift, the author recreates what once died at the end of Camelot and Avalon.

Raising the Dead: Wyvern Master Chronicles (Book 3) pdmac, 2022-09-25 Wyverns. Everyone knows they are the key. Control the wyverns, and you have the power to conquer kingdoms. However, to control them, one needs to be a very powerful wizard, and Lorcyn, the only wizard powerful enough to force them to obey him, was killed over 100 years ago. Not long after he had resurrected the dead dragons and wreaked havoc on the surrounding kingdoms, the kingdoms are now in a race to discover where the wyverns are and what spells Lorcyn used to control them. And it's no secret that both spells and wyverns are hidden somewhere in the College. Fiach suddenly finds himself the center of attention as Kings and Grandmasters press him to give them what they want. And in the process, he discovers the truth about his past. Yet this new-found knowledge is of little help as he evades assassins, only to be tossed into prison with little chance of escape. Oh, by the way, Cliona has been kidnapped by Manus wizards.
