

# EFT Tapping Chart

## Short Cut Tapping Sequence for EFT

### How to tap using EFT

Choose a specific issue to work with (e.g. a situation or emotion)

Rate the issue on a scale of 0-10 with "0" being no intensity and 10 being as bad as it can be.

Create a set up statement - tap on the karate chop point, located at the side of your hand, as shown, and say "Even though I have this (issue), I deeply and completely love and accept myself." Repeat x 3.

Now we're ready to tap, using the short cut tapping sequence .

As we tap each point we use a reminder phrase (a few words to describe the issue) e.g. "this (issue)" to stay tuned into the problem while we tap.

Starting at the eyebrow point, tap each point quickly but gently, 5 - 7 times, moving downwards through all the points on the chart and finishing with the top of the head point.

Take a deep breath, now rate the issue again. If you have not reached "0" return to the set up statement. If the intensity is much lower, you can re-phrase the set up to "Even though I still have some (issue) ...."  
Continue doing rounds of the tapping sequence until you reach "0".
