**Joyce and the Perverse Ideal** David Cotter, 2013-08-21 Representations of masochism both overt and oblique permeate the work of James Joyce While a number of critics have noted this to date there has been no sustained and focused analysis of this trope in his writings David Cotter argues that such an examination is key to understanding the meanings and messages of Joyce's work Adding further dimensions to moral political and aesthetic considerations in the novels and stories particularly *Ulysses* this book provides a comprehensive account of masochistic elements in James Joyce's work Cotter draws upon psychoanalytic theory and social history to illustrate the subversive power of perversity in the literature of the modern period This edition first Published in 2003 Routledge is an imprint of Taylor Francis an informa company

**Staging Vice** Charlotte Steenbrugge, 2014-05-10 Characters representing various sins and vices became the stars of their respective theatrical traditions in the course of the late medieval and early modern period in both the Low Countries and England This study assesses the importance of such characters and especially the English Vice and Dutch sinnekens for our understanding of medieval and sixteenth century Dutch and English drama by charting diachronic developments and through synchronic comparisons The analysis of the functions as well as theatrical and meta theatrical aspects of these characters reveals how these plays were conditioned by their literary and social setting It sheds invaluable light on the subtly divergent appreciation of the concept of drama in these two regions and on their different use of drama as a didactic tool In a wider perspective this study also investigates how the moral plays and their negative characters reflect the changes in the intellectual and religious climate of the fifteenth and sixteenth centuries Friends and Rivals in the East de Groot, Maurits van den Boogert, 2021-10-25 This volume based on both European and Ottoman sources investigates the commercial military and diplomatic relations between the Dutch and the English in the Levant from the early seventeenth to the early nineteenth century On the one hand there was a more or less constant commercial rivalry and there were moments of outright military hostility between the two powers On the other a common life in the Near East led to a form of solidarity which transcended the political situation in the home countries The role of the local population of the Levant of Ottoman officials and of the Greeks Armenians and other eastern Christians who intervened both as merchants and as embassy dragomans or interpreters was often decisive in influencing the dealings between the Dutch and English residents The nine papers examine

these different aspects of a relationship which has never before been studied in a Levantine context      **All Things Considered** G. K. Chesterton, Sheba Blake, 2021-11-20 Whether you're a reader who is new to G. K. Chesterton's work or a longtime fan searching out more of his material, this collection of short stories and essays is sure to fit the bill. The pieces brought together in this volume display the full range of Chesterton's wide-ranging intellect and the keen precision of his razor-sharp prose      *The Eclectic Review* Samuel Greatheed, Daniel Parken, Theophilus Williams, Josiah Conder, Thomas Price, William Hendry Stowell, Jonathan Edwards Ryland, Edwin Paxton Hood, 1860 This periodical is comprised mainly of book reviews. The majority of the books reviewed are religious in nature; however, books with various topics, most notably books on historical topics and books of poetry, are also reviewed      **Organizing History** Anna Maria Forssberg, 2011-01-01 The history of man is to a large extent the history of organisations. For as long as there are written records, to study people have co-operated to make use of scant resources in a more effective way. This book focuses on the dynamic interaction of organisations, norms, systems and institutional changes      **The Annual Register, 1859**      **The Annual Register, Or, A View of the History and Politics of the Year ...**, 1859 Continuation of the reference work that originated with Robert Dodsley, written and published each year, which records and analyzes the year's major events, developments and trends in Great Britain and throughout the world. After 1815, the usual form became a number of chapters on Great Britain, paying particular attention to the proceedings of Parliament, followed by chapters covering other countries in turn, no longer limited to Europe. The expansion of the History came at the expense of the sketches, reviews and other essays, so that the nineteenth-century publication ceased to have the miscellaneous character of its eighteenth-century forebear, although poems continued to be included until 1862, and a small number of official papers and other important texts continue to be reproduced      The Naval Miscellany Susan Rose, 2020-11-25 This seventh volume of Naval Miscellany contains documents which range in date from the late thirteenth century to the Korean War. They illustrate the many different ways in which the naval forces of the crown have served the realm. Topics covered include the role of ships in campaigns against Scotland under Edward I and Edward VI, the protection of the Iceland fishery in the days of the Commonwealth government and the operation of prize courts during the wars against France in the eighteenth century. Moving on to the nineteenth century, the supply of timber to the Royal Navy is examined, while two contributions deal with surveying off the west coast of Africa and another prints a diary kept by a member of the Naval Brigade operating onshore in the Zulu War. The most recent contributions deal with the origins and development of the Royal Australian Navy up to the 1950s. Two more controversial subjects are also included: the first gives more information about the storage of cordite on battle cruisers in 1916 and the battle of Jutland; the second documents the relief of Admiral North from Gibraltar in 1940. There is something here for every enthusiast for naval history and for all students of the relevant periods      The Annual Register, Or, A View of the History, Politics, and Literature for the Year ..., 1859
