Why Would Feminists Trust the Police? Leah Cowan,2024-06-11 A tangled history of feminism s complicity and resistance Every week it seems there is a fresh scandal involving abhorrent racist misogynist behaviour by police officers Yet these are the very people women are supposed to approach for help when faced with violence And many feminists hoping to use the criminal justice system to protect women fight for stronger laws and longer sentences for those who harm them Why Would Feminists Trust the Police traces the history of British feminism s alliances and struggles with the law and its enforcers Drawing on the legacy of Black British feminism Leah Cowan reminds us of the vibrant and creative alternatives envisioned by those who have long known the truth the police aren t feminist and the law does not keep women safe
