The Forgotten Man:

The Forgotten Man Amity Shlaes, 2009-10-13 In The Forgotten Man Amity Shlaes one of the nation's most respected economic commentators offers a striking reinterpretation of the Great Depression. She traces the mounting agony of the New Dealers and the moving stories of individual citizens who through their brave perseverance helped establish the steadfast character we recognize as American today. The Forgotten Man William Graham Sumner, 1919 **"The Forgotten Man"** George Benjamin Gillespie, 1937 **The Forgotten Man** William Graham Sumner, 1989 **The Forgotten Man, and Other Essays...** William Graham Sumner, 2013-12 Unlike some other reproductions of classic texts 1 We have not used OCR (Optical Character Recognition) as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits, maps, sketches, etc. We have endeavoured to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. "The Forgotten Man" George B. Gillespie, 1933* *The Forgotten Man, Rediscovered After Fifty Years*, 18?? **The Forgotten Man** G. T. Lashley, 1964 The Forgotten Man and Other Essays (Classic Reprint) William Graham Sumner, 2015-07-03 Excerpt from The Forgotten Man and Other Essays. With the present collection the publication of Sumner's Essays comes to an end. The original project of publishers and editor contemplated but a single volume *War and Other Essays* and they accordingly equipped that volume with a bibliography which was as complete as they then could make it. But when later on other materials came to be known about and especially after the discovery of a number of unpublished manuscripts the encouraging reception accorded to the first venture led us to publish a second and then a third collection *Earth Hunger and Other Essays* and *The Challenge of Facts and Other Essays*. It was during the preparation of the latter of these now some five years ago that the late Professor Callender deplored to the editor the omission of certain of Sumner's essays in political economy in particular those dealing with free trade and sound money. And the reviewers of preceding collections had reminded us rightly enough that there should be a fuller bibliography and also an index covering all the essays. In this last volume we have striven to meet these several suggestions and criticisms. And it is now the purpose of the publishers to form of these singly issued volumes a set of four numbered in the order of their issue.
