*The Fragile World* Paula Treick DeBoard, 2014-10-28 The Kaufmans have always considered themselves a normal happy family Curtis is a physics teacher at a local high school His wife Kathleen restores furniture for upscale boutiques Daniel is away at college on a prestigious music scholarship and twelve year old Olivia is a happy go lucky kid whose biggest concern is passing her next math test And then comes the middle of the night phone call that changes everything Daniel has been killed in what the police are calling a freak road accident and the remaining Kaufmans are left to flounder in their grief The anguish of Daniel s death is isolating and it s not long before this once perfect family finds itself falling apart As time passes and the wound refuses to heal Curtis becomes obsessed with the idea of revenge a growing mania that leads him to pack up his life and his anxious teenage daughter and set out on a collision course to right a wrong *Journey Into the Past* Stefan Zweig, 2012-07-25 A deep study of the uneasy heart by one of the masters of the psychological novel *Journey into the Past* published here for the first time in America is a novella that was found among Zweig s papers after his death Investigating the strange ways in which love in spite of everything time war betrayal can last Zweig tells the story of Ludwig an ambitious young man from a modest background who falls in love with the wife of his rich employer His love is returned and the couple vow to live together but then Ludwig is dispatched on business to Mexico and while he is there the First World War breaks out With travel and even communication across the Atlantic shut down Ludwig makes a new life in the New World Years later however he returns to Germany to find his beloved a widow and their mutual attraction as strong as ever But is it possible for love to survive precisely as the impossible **The Artistry of Aeschylus and Zeami** Mae J. Smethurst, 2014-07-14 By means of a cross cultural analysis of selected examples of early Japanese and early Greek drama Mae Smethurst enhances our appreciation of each form While using the methods of a classicist to increase our understanding of no as literary texts she also demonstrates that the fifteenth century treatises of Zeami an important playwright actor critic and teacher of no offer fresh insight into Aeschylus use of actors language and various elements of stage presentation Relatively little documentation apart from the texts of the plays is available for the Greek theater of the fifth century B C but Smethurst uses documentation on no and evidence from no performances today to suggest how presentations of the Persians could have been so successful despite the play s lack of dramatic confrontation Aeschylean theater resembles that of Zeami in creating its powerful emotional and aesthetic effect through a coherent organization of structural elements Both playwrights used such methods as the gradual intensification of rhythmic and musical effects an increase in the number and complexity of the actors movements and a progressive focusing of attention on the main actors and on costumes masks and props during the course of the play Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The

goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

become a necessity The present book thus aims at presenting the diversity of views on the concept of power but also perhaps more importantly their complementarity

**The Hinterkaifeck Murders** Madina Fedosova, 2025-04-30 1922 Hinterkaifeck Bavaria A small farm becomes the scene of a tragedy that shocked Germany and went down in history as one of the most brutal and enigmatic crimes of the 20th century Six people are brutally murdered The police are baffled Motives remain unclear This book is a fictional exploration of the events at Hinterkaifeck an attempt to understand what really happened and why this crime remains unsolved to this day

*God, Freedom, and the Body of Christ* Alexander J. D. Irving, 2020-10-13 A contribution to the end of the Church knowing itself as the body of Christ Irving articulates a theology of the Church as that which participates in all that Jesus is in his vicarious humanity by the power of the Spirit This is developed through a dialogical or covenantal frame that has its focal point in Christ in whom the faithful love of God toward creation and the faithful love of creation toward God is actualized The Church as the body of Christ participates in the mediatorial work of Jesus Christ Each chapter explores a different element of this participatory ecclesiology This book offers a constructive ecclesiology built from the ground up on the foundation of a dialogical perspective which has participation in Christ as its controlling center This foundation provides the basis upon which an exhilarating vision of the Church can be built to encourage Christians to cherish the Church as the body of Christ which participates in the triune communion through being included into the Son by the power of the Spirit and comes to reflect the triune God in its own structures

**The Life and Times of Moses Jacob Ezekiel** Peter Adam Nash, 2014-03-06 The Life and Times of Moses Jacob Ezekiel American Sculptor Arcadian Knight tells the remarkable story of Moses Ezekiel and his rise to international fame as an artist in late nineteenth century Italy Sephardic Jew homosexual Confederate soldier Southern apologist opponent of slavery patriot expatriate mystic Victorian dandy good Samaritan humanist royalist romantic reactionary republican monist dualist theosophist freemason champion of religious freedom proto Zionist and proverbial Court Jew Moses Ezekiel was a riddle of a man a puzzle of seemingly irreconcilable parts Knighted by three European monarchs courted by the rich and famous Moses Ezekiel lived the life of an aristocrat with rarely a penny to his name Making his home in the capacious ruins of the Baths of Diocletian in Rome he quickly distinguished himself as the consummate artist and host winning international fame for his work and consorting with many of the lions and luminaries of the fin de siècle world including Giuseppe Garibaldi Queen Margherita Franz Liszt Richard Wagner Sarah Bernhardt Gabriele D Annunzio Eleonora Duse Annie Besant Clara Schumann Sir Lawrence Alma Tadema Alphonse Daudet Mark Twain mile Zola Robert E Lee Augustus Saint Gaudens and Isaac Mayer Wise In a city besieged with eccentrics he a Southern Jewish homosexual sculptor was outstanding an enigma to those who knew him a man at once stubbornly original and deeply emblematic of his times According to Stanley Chyet in his introduction to Ezekiel s memoirs The contemporary European struggle between liberalism and reaction between modernity and feudalism between the democratic and the hierarchical is rather amply refracted in Ezekiel s account of his life in Rome Indeed so

many of the contentious cultural political artistic and scientific struggles of the age converged in the figure of this adroit and prepossessing Jew      *Yeats, Eliot, Pound and the Politics of Poetry* Cairns Craig, 2015-12-22 It has long been recognised that there is an apparently paradoxical relationship between the revolutionary poetic style developed by Yeats Eliot and Pound in the period during and after the First World War and the reactionary politics with which they were associated in the 1920s and 1930s Concentrating on their writings in the period up to the 1930s this study first published in 1982 helps to resolve the paradox and also provides a much needed reappraisal of the factors influencing their poetic and political development The work of these poets has usually been seen as deriving from the tradition of continental symbolist poetics Yeats Eliot Pound and the Politics of Poetry will be of interest to students of literature      **The Limits of Disenchantment** Peter Dews, 1995 In this book Peter Dews explores some of the most urgent problems confronting contemporary European thought the status of the subject after postmodernism the ethical and existential dimensions of critical theory the encounter between psychoanalysis and philosophy and the possibilities of a non foundational metaphysical thinking His approach cuts across the hostile boundaries which that usually separate different theoretical traditions Lacan and the Frankfurt School are brought into dialogue as are deconstruction and Ricoeur's hermeneutics Current questions of language communication and critique are located in a broader context as the author ranges back over the history of modern philosophy from poststructuralism via Nietzsche to German romanticism and idealism A wide variety of issues is discussed in the book including Habermas's views on the ethics of nature Lacan's theory of Oedipal crisis the relation between writing and the lifeworld in Derrida and Schelling's philosophy of the Ages of the World The volume is also enlivened by forceful critiques of a range of currently influential thinkers including Michel Foucault Richard Rorty Rodolphe Gasch and Slavoj Žižek
