Biblical Principles That Create Success Through Productivity Rich Brott, 2008 According to author Rich Brott it is human nature to want something for nothing or at least to receive a maximum amount of return for a minimum amount of effort. The old adage notes that we should work smarter not harder. There is no doubt that the industrial revolution changed society forever. But is there ever a legitimate excuse to not continue working hard? But the bottom line is this: For you to be successful with consistency you will have to give up the ever-present desire to live a life of leisure fulfilling every personal whim and want and choose to remain productive for a good part if not all of your life. God honors hard work. He honors productivity. It is the author's belief that God's method for success is to bless the good productive work ethics of ordinary people.

Biblical Principles of Hiring and Developing Employees Bruce E. Winston, 2018-02-21 This book begins with the scriptural support for person organization fit and person job fit. The book then examines scriptural support for the four Cs of people's work fit: Calling, Competence, Confidence, and Character. Finally, the book uses Acts 6:1-7 as a basis for identifying the type of people one should look to hire. The book covers two development concepts: Nomos about ruling in an organization and progressive responsibility from Luke 16:10. The chapters present the concepts from a scriptural base and include composite case examples that relate to contemporary organizations.

10 Biblical Principles for Building Wealth and Prosperity Genalin Jimenez, 2023-03 In the Bible God is often depicted as a provider and sustainer and He is often associated with abundance and generosity. However, there are also warnings against greed and the love of money as these can lead to harm and corruption. Additionally, the Bible often speaks to the responsibility of the wealthy to care for the poor and to use their resources justly and compassionately. Overall, the Bible presents a nuanced view of wealth and provision, emphasizing the importance of both meeting one's own needs and caring for the needs of others while also warning against greed and the worship of money.
