Bearman, 2009-01-30 Little fascinates New Yorkers more than doormen who know far more about tenants than tenants know about them Doormen know what their tenants eat what kind of movies they watch whom they spend time with whether they drink too much and whether they have kinky sex But if doormen are unusually familiar with their tenants they are also socially very distant In Doormen Peter Bearman untangles this unusual dynamic to reveal the many ways that tenants and doormen negotiate their complex relationship Combining observation interviews and survey information Doormen provides a deep and enduring ethnography of the occupational role of doormen the dynamics of the residential lobby and the mundane features of highly consequential social exchanges between doormen and tenants Here Bearman explains why doormen find their jobs both boring and stressful why tenants feel anxious about how much of a Christmas bonus their neighbors give and how everyday transactions small and large affect tenants professional and informal relationships with doormen In the daily life of the doorman resides the profound and this book provides a brilliant account of how tenants and doormen interact within the complex world of the lobby **Cuban-American Literature of Exile** Isabel Alvarez-Borland, 1998 The Cuban

revolution of 1959 initiated a significant exodus with more than 700 000 Cubans eventually settling in the United States This community creates a major part of what is now known as the Cuban diaspora In Cuban American Literature of Exile Isabel Alvarez Borland forces the dialogue between literature and history into the open by focusing on narratives that tell the story of the 1959 exodus and its aftermath Alvarez Borland pulls together a diverse array of Cuban American voices writing in both English and Spanish often from contrasting perspectives and approaches over several generations and waves of immigration Writers discussed include Guillermo Cabrera Infante Reinaldo Arenas Roberto Fernandez Achy Obejas and Cristina Garcia The author's analysis of their works uncovers a movement from narratives that reflect the personal loss caused by the

historical fact of exile to autobiographical writings that reflect the need to search for a new identity in a new language to fictions that dramatize the authors constructed Cuban American personae If read collectively she argues these sometimes dissimilar texts appear to be in dialogue with one another as they all document a people's quest to reinvent themselves outside their nation of origin Cuban American Literature of Exile encourages readers to consider the evolution of Cuban literature in the United States over the last forty years Alvarez Borland defines a new American literature of Cuban heritage and documents the changing identity of an exiled literature
