in the Context of Africa: an Essay in Honor of Rev.
Prof. Justin S. Ukpog**

Rev. Dr. Michael Ufok Udoekpo

Abstract:

Religion today is an exciting phenomenon for Africans, just as it was for the ancient Israelites. This is especially true for those Africans who recognize the Bible as the word of God. They, like the ancient Israelites, see Yhwh, their supreme God, as the origin, sustenance, and sovereign of creation, who encompasses different attributes and has various functions in human affairs. The biblical conception of God has a lengthy history of gradual differentiation, with the final conception of Israel's God emerging during the time of Second Isaiah (Isa 44–55). Prior to this period, Baal, El, Asharah, and other deities were monolatrously recognized side by side with Israel's God.

Many scholars, both African and non-African in origin, have studied the history of the gradual emergence of biblical monotheism. This essay builds on these past studies. It historically and contextually examines the theological claims of the early/pre-exilic prophets (Elijah, Elisha, Amos, and Hosea), viewing these prophets' writings as the cradle of biblical monotheism. It argues comparatively that the ironies the Israelite prophets addressed in their writings have repeated themselves in the African shrines and worship centers (Christianity, Islam, and ATR) of today, where the true notion of God—one characterized by kindness, mercy, oneness, universalism, fertility, justice, life, and compassion—has been replaced by tension, division,

Zöckler, 2007-05-01 Presented here in paperback for the first time is John Peter Lange's Theologisch-homiletisches Bibelwerk. Intended to help preachers prepare sermons, the commentary series is essentially biblical and evangelical catholic. This 19th century commentary has served as a standard reference for more than a century. Many early reviewers regarded Schaff's edition with his additional material as superior to the original. It has proven to be a complete and useful Commentary and continues to prove especially valuable to ministers. It contains critical annotations of the text and its translation and a threefold commentary: exegetical, doctrinal, and homiletical. Under these three heads, the text is viewed from every aspect.

Fuerst, 2025-02-17 Prophecy reimagines the world. It critiques what is and encourages its audience to imagine what could be. All prophecy therefore begins with a person willing to reimagine their own situation. In the biblical and African American traditions, this person receives a call to prophetic ministry that upends their reality and compels them to change the way things are. Prophetic Peril: The Rhetoric of Nineteenth Century African American Prophetic Call Narratives invites readers into the imaginative, subversive, and ethically complicated stories of four nineteenth-century Black figures who received the call to challenge the what is and live into the what could be in the midst of a hard-hearted world. Focusing on the prophetic call narratives of Maria Stewart, Nat Turner, Julia Foote, and Richard Allen, author Thomas M. Fuerst offers insight into the unique contributions this tradition makes to American oratory, storytelling, history, ethics, theology, and protest. As Fuerst demonstrates, Turner's call narrative subverts white political interests and expands politics to include the resistance, rhetoric, and witness of those on the margins. Allen's apologetic narration combines deeply thoughtful Protestant exegesis with a liberation theology shaped by the experience of enslavement, anchoring his rhetorical power in the experience of Black people in the nineteenth century. The call narratives of Stewart and Foote circumvent patriarchy and resist patriarchal interpretations of the Bible through biblical embodied dramatic visionary appeals that sidestep persuasion and demand either acceptance or rejection. Taken together, these case studies reveal how antebellum Black preachers used religious storytelling to resist white patriarchal oppression and assert their own voices, offering unique insight to our understanding of prophecy.
