Desmond Knipe, NAMUH Book One The Awakening In a near future Earth fractured by ecological collapse and human disconnection five strangers from across the globe are summoned by a force they can't explain Each shares a birthday Each carries dormant psychic abilities And each is drawn to an ancient Kauri tree deep in New Zealand's untouched wilderness There they uncover a truth as old as the Earth itself they are the NAMUH chosen to awaken their hidden gifts and guide humanity through a tipping point between destruction and renewal But their journey is anything but simple As they confront shadowy forces advanced technology and their own inner demons these five must learn to trust one another and the planet that called them Blending science fiction mysticism and near future realism NAMUH The Awakening explores themes of healing transformation and the interconnectedness of all life With its vivid world building and emotionally charged characters this genre defying novel will resonate with fans of Stranger Things Avatar The Alchemist and The Celestine Prophecy This first book in the NAMUH trilogy invites readers on a journey of epic stakes and intimate revelations a story where the line between science and spirit is blurred and the only limitations are those we impose upon ourselves **The Poetry of South Africa** Alexander Wilmot,1887 **The Sage's Vision** Chinmoy Mukherjee,2025-06-18 In the ancient land of Bharat where the very air hummed with spiritual energy and the wisdom of the ages resided in the hearts of venerated sages and rishis a disquieting shadow began to creep across the horizon It was not a shadow cast by clouds but a growing unseen malaise that whispered of an impending doom The vibrant greens of the Gangetic plains seemed a shade duller the melodies of the forest birds carried a note of sorrow and even the scent of blooming lotuses seemed subtly diminished The world once a canvas of luminous serenity now teetered on the precipice its future hanging by a delicate thread Only the collective efforts the profound insight and the unwavering dedication of its wisest spiritual custodians could avert the looming catastrophe It was Markandeya the ancient and immortal sage whose vision pierced through the veil of time and space He saw not just darkness but also the shimmering threads of salvation a path illuminated by divine light and guided by ancient wisdom His meditation deep within a sun dappled cave where the air was thick with the scent of damp earth and sacred herbs had unveiled a future both perilous and promising The vision unfolded before him like a celestial tapestry swirling nebulae of despair pierced by brilliant streaks of courage the dissonant cries of chaos silenced by the resonant hum of unity It showed the world on the verge of splintering but also revealed the profound truth that within collective purpose lay its only hope The scent of ozone sharp and electric had filled his sacred space as the revelation unfurled followed by the

The Wonderful World of Widowhood... Except When It Isn't Judy Towne Jennings,2018-04-10 This book is a victory celebration for one widow Anna Redington Jensen as she moves out of the Tunnel of Grief to a better version of her former self The book has no value if Anna s friend God is not real One bold purpose of this story is to share Anna s adventure with God their two way conversations and the big and little miracles The character names are changed but the mindboggling God moments are real The message challenges all seniors to live fully after a calamitous life change and gives them permission to love enthusiastically again **Chronicles of the 12 Kingdoms** Frank Amaya,2024-06-22 In a world where the divine and mortal realms blur a boy chosen by celestial forces flees the turmoil of the 12 Kingdoms seeking refuge in our world However destiny calls him back to reclaim his throne and restore balance to his war torn homeland This epic adventure follows his journey through parallel worlds facing formidable challenges and discovering profound truths about himself Along the way he encounters allies and adversaries battles fought and won and the enduring power of love and destiny Prepare for a fantastical odyssey where a young hero s heart can change the fate of kingdoms Welcome to the tale of a chosen one whose path will captivate your imagination and leave you yearning for more **Visions of Kinship in Medieval Europe** Hans J. Hummer,2018 What meaning did human kinship possess in a world regulated by Biblical time committed to the primacy of spiritual relationships and bound by the sinews of divine love In the process of exploring this question Hans Hummer offers a searching re examination of kinship in Europe between late Roman times and the high middle ages the period bridging Europe s primitive past and its modern future Visions of Kinship in Medieval Europe critiques the modernist and Western bio genealogical and functionalist assumptions that have shaped kinship studies since their inception in the nineteenth century when Biblical time collapsed and kinship became a signifier of the essential secularity of history and a method for conceptualizing a deep prehistory guided by autogenous human impulses Hummer argues that this understanding of kinship is fundamentally antagonistic to medieval sentiments and is responsible for the frustrations researchers have encountered as they have tried to identify the famously elusive kin groups of medieval Europe He delineates an alternative ethnographic approach inspired by recent anthropological work that privileges indigenous expressions of kinship and the interpretive potential of native ontologies This study reveals that kinship in the middle ages was not biological primitive or a regulator of social mechanisms nor was it traceable by bio genealogical connections In the Middle Ages kinship signified a sociality that flowed from convictions about the divine source of all things and which wove together families institutions and divinities into an expansive eschatological vision animated by the most righteous principle of love Wilson's Photographic Magazine ,1896 **The Life of Monsignor Robert Hugh Benson** Cyril Charlie Martindale,1916 **Presence in Play** Cormac Power,2008 Presence in Play A Critique of Theories of Presence in the Theatre is the first comprehensive survey and analysis of theatrical presence to be published Theatre as an art form has often been associated with notions of presence The live

immediacy of the actor the unmediated unfolding of dramatic action and the energy generated through an actor audience relationship are among the ideas frequently used to explain theatrical experience and all are underpinned by some understanding of presence Precisely what is meant by presence in the theatre is part of what Presence in Play sets out to explain While this work is rooted in twentieth century theatre and performance since modernism the author draws on a range of historical and theoretical material Encompassing ideas from semiotics and phenomenology Presence in Play puts forward a framework for thinking about presence in theatre enriched by poststructuralist theory forcefully arguing in favour of presence as a key concept for theatre studies today
