# The Forgotten Presidents Their Untold Constitutional Legacy:

The Forgotten Presidents Michael J. Gerhardt, 2013-04-11 In The Constitutional Legacy of Forgotten Presidents eminent constitutional scholar Michael Gerhardt tells the stories of thirteen presidents whom most Americans do not remember and scholars think had no constitutional impact among them Chester Arthur Martin Van Buren and William Howard Taft As Gerhardt shows our forgotten presidents played crucial roles in laying some of the groundwork followed by Lincoln and other modern presidents as well as providing examples for future lawmakers of constitutional choices to avoid Presidents Michael J. Gerhardt, 2013-03-01 Their names linger in memory mainly as punch lines synonyms for obscurity Millard Fillmore Chester Arthur Calvin Coolidge They conjure up not the White House so much as a decaying middle school somewhere in New Jersey But many forgotten presidents writes Michael J Gerhardt were not weak or ineffective They boldly fought battles over constitutional principles that resonate today Gerhardt one of our leading legal experts tells the story of The Forgotten Presidents He surveys thirteen administrations in chronological order from Martin Van Buren to Franklin Pierce to Jimmy Carter distinguishing political failures from their constitutional impact Again and again he writes they defied popular opinion to take strong stands Martin Van Buren reacted to an economic depression by withdrawing federal funds from state banks in an attempt to establish the controversial independent treasury system His objective was to shrink the federal role in the economy but also to consolidate his power to act independently as president Prosperity did not return and he left office under the shadow of failure Grover Cleveland radically changed his approach in his second non consecutive term Previously he had held back from interference with lawmakers on his return to office he aggressively used presidential power to bend Congress to his will Now seen as an asterisk Cleveland consolidated presidential authority over appointments removals vetoes foreign affairs legislation and more Jimmy Carter too proves surprisingly significant In two debt ceiling crises and battles over the Panama Canal treaty affirmative action and the First Amendment he demonstrated how the presidency s inherent capacity for efficiency and energy gives it an advantage in battles with Congress regardless of popularity Gerhardt explains the many things these and ten other presidents have in common that explain why in spite of any of their excesses they have become forgotten chief executives Incisive myth shattering and compellingly written this book shows how even obscure presidents championed the White House's prerogatives and altered the way we interpret the The Presidents and the Constitution Ken Gormley, 2016-05-10 Shines new light on America's brilliant Constitution constitutional and presidential history from George Washington to Barack Obama In this sweepingly ambitious volume the nation's foremost experts on the American presidency and the U S Constitution join together to tell the intertwined stories of how each American president has confronted and shaped the Constitution Each occupant of the office the first president to the forty fourth has contributed to the story of the Constitution through the decisions he made and the actions he took as the nation's chief executive By examining presidential history through the lens of constitutional conflicts and challenges The

Presidents and the Constitution offers a fresh perspective on how the Constitution has evolved in the hands of individual presidents It delves into key moments in American history from Washington's early battles with Congress to the advent of the national security presidency under George W Bush and Barack Obama to reveal the dramatic historical forces that drove these presidents to action Historians and legal experts including Richard Ellis Gary Hart Stanley Kutler and Kenneth Starr bring the Constitution to life and show how the awesome powers of the American presidency have been shapes by the men who were granted them The book brings to the fore the overarching constitutional themes that span this country s history and ties together presidencies in a way never before accomplished The Presidents and the Constitution, Volume One Ken Gormley, 2020-03-24 Shines a light on the constitutional issues that confronted and shaped each presidency from George Washington to the Progressive Era Drawing from the monumental The Presidents and the Constitution A Living History published in 2016 the nation s foremost experts in the American presidency and the US Constitution join together to tell the intertwined stories of how the first twenty seven distinctive American presidents have confronted and shaped the Constitution and thus defined the most powerful office in human history From George Washington to William Howard Taft The Presidents and the Constitution Volume 1 illuminates the evolving American presidency in a unique way through the lens of the Constitution itself Arranged chronologically by president the book examines the constitutional issues confronting each president in the context of the personalities driving historical events. The contributors illustrate the extensive powers of the American presidency in domestic and foreign affairs showing how they have been used by the men who were granted them and brings to light the overarching constitutional themes that span this country's history and tie each presidency to the other How to Get Rid of a President David Priess, 2018-11-13 A vivid political history of the schemes branches of government plots maneuvers and conspiracies that have attempted successfully and not to remove unwanted presidents To limit executive power the founding fathers created fixed presidential terms of four years giving voters regular opportunities to remove their leaders Even so Americans have often resorted to more dramatic paths to disempower the chief executive The American presidency has seen it all from rejecting a sitting president's renomination bid and undermining their authority in office to the more drastic methods of impeachment and most brutal of all assassination How to Get Rid of a President showcases the political dark arts in action a stew of election dramas national tragedies and presidential departures mixed with party intrigue personal betrayal and backroom shenanigans This briskly paced darkly humorous voyage proves that while the pomp and circumstance of presidential elections might draw more attention the way that presidents are removed teaches us much more about our political order **9 Presidents Who Screwed Up America** Brion McClanahan, 2016-02-08 Of the forty four presidents who have led the United States nine made mistakes that permanently scarred the nation Which nine Brion McClanahan author of The Politically Incorrect Guide to the Founding Fathers and The Founding Fathers Guide to the Constitution will surprise readers with his list which he supports with exhaustive and

entertaining evidence 9 Presidents Who Screwed Up America is a new look back at American history that unabashedly places blame for our nation s current problems on the backs of nine very flawed men How Failed Attempts to Amend the Constitution Mobilize Political Change Roger C. Hartley, 2017-08-01 Since the Constitution's ratification members of Congress following Article V have proposed approximately twelve thousand amendments and states have filed several hundred petitions with Congress for the convening of a constitutional convention Only twenty seven amendments have been approved in 225 years Why do members of Congress continue to introduce amendments at a pace of almost two hundred a year This book is a demonstration of how social reformers and politicians have used the amendment process to achieve favorable political results even as their proposed amendments have failed to be adopted For example the ERA failed in the sense that it was never ratified but the mobilization to ratify the ERA helped build the feminist movement and also sparked a countermobilization Similarly the Supreme Court s ban on compulsory school prayer led to a barrage of proposed amendments to reverse the Court They failed to achieve the requisite two thirds support from Congress but nevertheless had an impact on the political landscape The definition of the relationship between Congress and the President in the conduct of foreign policy can also be traced directly to failed efforts to amend the Constitution during the Cold War Roger Hartley examines familiar examples like the ERA balanced budget amendment proposals and pro life attempts to overturn Roe v Wade but also takes the reader on a three century tour of lesser known amendments He explains how often the mere threat of calling a constitutional convention at which anything could happen effected political change Constitution Bill White, 2014-04-01 What would Washington Jefferson Madison Lincoln the Roosevelts Truman and Eisenhower have done about today s federal debt crisis America s Fiscal Constitution tells the remarkable story of fiscal heroes who imposed clear limits on the use of federal debt limits that for two centuries were part of an unwritten constitution Those national leaders borrowed only for extraordinary purposes and relied on well defined budget practices to balance federal spending and revenues That traditional fiscal constitution collapsed in 2001 Afterward for the first time in history federal elected officials cut taxes during war funded permanent new programs entirely with debt grew dependent on foreign creditors and claimed that the economy could not thrive without routine federal borrowing For most of the nation s history conservatives fought to restrain the growth of government by insisting that new programs be paid for with taxation while progressives sought to preserve opportunities for people on the way up by balancing budgets Virtually all mainstream politicians recognized that excessive debt could jeopardize private investment and national independence With original scholarship and the benefit of experience in finance and public service Bill White dispels common budget myths and distills practical lessons from the nation's five previous spikes in debt America's Fiscal Constitution offers an objective and hopeful guide for people trying to make sense of the nation s current most severe debt crisis and its impact on their lives and our future **Eleven Presidents** Ivan Eland, 2017-11-01 Presidents who claimed to limit government often actually did the

opposite History often looks unfavorably on presidents who may have actually contributed smart and important policies Were Harding and Coolidge really as ineffective as their reputations maintain Did Hoover not do enough to end the Depression Was Reagan a true champion of small government conservatism We all know that the American president is one of the most powerful people in the world But to understand the presidency today we often have to learn from the past Author Ivan Eland offers a new perspective in Eleven Presidents on the evolution of the executive office by exploring the policies of eleven key presidents who held office over the last one hundred years Warren G Harding Calvin Coolidge Herbert Hoover Dwight D Eisenhower Richard Nixon Gerald Ford Jimmy Carter Ronald Reagan George H W Bush Bill Clinton and George W Bush The book combines an exploration of how political currents shape historical legacies with an in depth analysis of presidents actual policies An important revealing book about the presidency legacy and the formation of history Eleven Presidents is essential reading for understanding the American presidency Congress's Constitution Joshua Aaron Chafetz, 2017-01-01 Cover Half Title Title Copyright Dedication Contents Acknowledgments Introduction PART ONE SEPARATION OF POWERS MULTIPLICITY Prelude 1 Political Institutions in the Public Sphere 2 The Role of Congress PART TWO CONGRESSIONAL HARD POWERS 3 The Power of the Purse 4 The Personnel Power 5 Contempt of Congress PART THREE CONGRESSIONAL SOFT POWERS 6 The Freedom of Speech or Debate 7 Internal Discipline 8 Cameral Rules Conclusion Toward a Normative Evaluation Notes Index A B C D E F G H I J K L M N O P Q R S T U V W Y Z Ground Harold H. Bruff, 2024-05-31 When Thomas Jefferson struck a deal for the Louisiana Purchase in 1803 he knew he was adding a new national power to those specified in the Constitution but he also believed his actions were in the nation s best interest His successors would follow his example setting their own constitutional precedents Tracing the evolution and expansion of the president's formal power Untrodden Ground reveals the president to be the nation's most important law interpreter and examines how our commanders in chief have shaped the law through their responses to important issues of their time Reviewing the processes taken by all forty four presidents to form new legal precedents and the constitutional conventions that have developed as a result Harold H Bruff shows that the president is both more and less powerful than many suppose He explores how presidents have been guided by both their predecessors and their own interpretations of constitutional text as well as how they implement policies in ways that statutes do not clearly authorize or forbid But while executive power has expanded far beyond its original conception Bruff argues that the modern presidency is appropriately limited by the national political process their actions are legitimized by the assent of Congress and the American people or rejected through debilitating public outcry judicial invalidation reactive legislation or impeachment Synthesizing over two hundred years of presidential activity and conflict this timely book casts new light on executive behavior and the American constitutional system Hatred of America's Presidents Lori Cox Han, 2018-06-15 This work examines expressions of personal hostility and animosity toward presidents even beloved ones throughout American history and their impact on

policymaking politics and culture People involved or simply interested in politics often ask whether today s political environment is more toxic than ever before Hatred of America's Presidents Personal Attacks on the White House from Washington to Trump presents an impartial and authoritative history of invective toward the White House so readers can determine the answer for themselves The book focuses on the most representative and commonplace attacks of a vitriolic and personal nature detailing who instigated and trafficked in the attacks and how presidents administrations and political parties defended themselves It also illustrates how honest disagreements about policy such as FDR s New Deal Ronald Reagan's Central America policies George W Bush's invasion of Iraq and Barack Obama's Affordable Care Act fueled expressions of hatred and condemnation Finally the book includes perspectives from both the right and the left on the legitimacy of these attacks and the victims defenses as well as their impact on American politics and policy House Vice Presidency Joel K. Goldstein, 2017-03-03 I am nothing but I may be everything John Adams the first vice president wrote of his office And for most of American history the nothing part of Adams's formulation accurately captured the importance of the vice presidency at least as long as the president had a heartbeat But a job that once was not worth a bucket of warm spit according to John Nance Garner became in the hands of the most recent vice presidents critical to the governing of the country on an ongoing basis It is this dramatic development of the nation s second office that Joel K Goldstein traces and explains in The White House Vice Presidency The rise of the vice presidency took a sharp upward trajectory with the vice presidency of Walter Mondale In Goldstein's work we see how Mondale and Jimmy Carter designed and implemented a new model of the office that allowed the vice president to become a close presidential adviser and representative on missions that mattered Goldstein takes us through the vice presidents from Mondale to Joe Biden presenting the arrangements each had with his respective president showing elements of continuity but also variations in the office and describing the challenges each faced and the work each did The book also examines the vice presidential selection process and campaigns since 1976 and shows how those activities affect and or are affected by the newly developed White House vice presidency The book presents a comprehensive account of the vice presidency as the office has developed from Mondale to Biden But The White House Vice Presidency is more than that it also shows how a constitutional office can evolve through the repetition of accumulated precedents and demonstrates the critical role of political leadership in institutional development In doing so the book offers lessons that go far beyond the nation's second office important as it now has become

**Through the Maelstrom** Boris Gorbachevsky,2015-03-27 The monumental battles of World War II s Eastern Front Moscow Stalingrad Kursk are etched into the historical record But there is another hidden history of that war that has too often been ignored in official accounts Boris Gorbachevsky was a junior officer in the 31st Army who first saw front line duty as a rifleman in the 30th Army Through the Maelstrom recounts his three harrowing years on some of the war s grimmest but forgotten battlefields the campaign for Rzhev the bloody struggle to retake Belorussia and the bitter final fighting in East

Prussia As he traces his experiences from his initial training through the maelstrom to final victory he provides one of the richest and most detailed memoirs of life and warfare on the Eastern Front Gorbachevsky's panoramic account takes us from infantry specialist school to the front lines to rear services areas and his whirlwind romances in wartime Moscow He recalls the shriek of Katiusha rockets flying overhead toward the enemy and the unforgettable howl of Stukas divebombing Soviet tanks And he conveys horrors of brutal fighting not recorded previously in English including his own participation in a human wave assault that decimated his regiment at Rzhev with piles of corpses growing the closer they got to the German trenches Gorbachevsky also records the sufferings of the starving citizens of Leningrad the savage execution of a Russian scout who turned in false information the killing of an innocent German trying to welcome the Soviet troops and a chilling campfire discussion by four Russian soldiers as they compared notes about the women they d raped His memoir brims with rich descriptions of daily army life the challenges of maintaining morale and relationships between soldiers It also includes candid exposs of the many problems the Red Army faced the influence of political officers the stubbornness of senior commanders the attrition through desertions and the initial months of occupation in postwar Germany Through the Maelstrom features the swiftly moving narrative and rich dialogue associated with the grand style of great Russian literature Ultimately it provides a fitting and final testament to soldiers who fought and died in anonymity The Isolated Presidency Jordan T. Cash, 2023-10-03 How powerful is the President of the United States In The Isolated Presidency Jordan T Cash re frames this question to instead ask what authority is available to all presidents Drawing on the Constitution itself Cash argues that the presidency possesses an internal logic derived from its structure duties and powers which not only grants the president a unique institutional perspective but also provides the president with considerable agency and discretion in pursuing his agenda Through three case studies of isolated presidents presidents who were unelected faced divided government and were opposed by major factions of their own political parties Cash provides lessons and examples of what constitutionally derived actions a president can take when confronted with the recurring issues of divided government and political gridlock

Maligned Presidents: The Late 19th Century M. Skidmore,2014-06-20 Certain 19th Century presidencies contrast common perceptions of the office s authority and strength These presidents were a strong group and were anything but insignificant They fought substantial battles with Congress and often won This book seeks to provide more substantive analysis of maligned presidencies and the legacies left behind Presidential Libraries and Museums Christian A.

Nappo,2018-01-23 Presidential libraries and museums are national monuments dedicated to the memories of men who served as America's commander in chief There are twenty five soon to be twenty six presidential libraries and museums Following an introductory overview of presidential libraries and museums and their history comprehensive entries of each site are arranged from George Washington to George W Bush with information included about the current plans for Barack Obama's library Each entry contains information on Location and historyEndowmentsOpening hours number of visitors and

other factsCollections and permanent exhibits This first reference guide to all twenty five libraries and museums is a ready reference providing readers with quick and reliable information **His Very Best** Jonathan Alter, 2021-09-21 Drawing on fresh archival material and extensive access to Carter and his family New York Times bestselling author Jonathan Alter tells the epic story of a man of faith and his improbable journey from barefoot boy in the vicious Jim Crow South to global icon We learn how Carter evolved from a timid child into an ambitious naval nuclear engineer and an indefatigable born again governor how as a president he failed politically amid the bad economy of the 1970s and the seizure of hostages in Iran but succeeded in engineering peace between Israel and Egypt amassing a historic environmental record moving the government from tokenism to diversity setting a new global standard for human rights and normalizing relations with China among dozens of other unheralded achievements After leaving office Carter revolutionized the postpresidency with the bold global accomplishments of the Carter center Cover **Presidential Government** Benjamin Ginsberg, 2016-05-28 Noted political scientist Benjamin Ginsberg has written an essential text for courses on the United States presidency An invaluable resource Ginsberg's comprehensive analysis emphasizes the historical constitutional and legal dimensions of presidential power He explores the history and essential aspects of the office the president's relationship to the rest of the executive branch and to a subordinated Congress and the evolution of the American president from policy executor to policy maker Compelling photo essays delve into topics of special interest including First Spouses Presidential Eligibility and Congressional Investigations of Adding the Lone Star Jordan T. Cash, 2024-03-24 The annexation of Texas was one of the most the White House momentous actions the United States government took in the antebellum period Apart from adding what was the largest state in the Union at that time it expedited further avenues for westward expansion exacerbated tensions with Mexico resulting in the Mexican American War and accelerated the sectional conflict over slavery While the familiar concept of Manifest Destiny gives the impression that Texas joining the United States was inevitable the history is much more complicated In Adding the Lone Star Jordan Cash explores how the decisions and actions of a cast of political actors in the United States Texas Mexico and Great Britain contributed to the addition of Texas to the Union Cash focuses on the annexation of Texas as a two president decision while examining the administrations of American President John Tyler and Texian President Sam Houston providing a comparative case study of the American and Texian presidencies to better comprehend how executive authority may be used in a system of separation of powers Tyler's ability to push his agenda on Texas despite the lack of institutional support shows the strength of premodern presidential power Houston's actions give an alternative view of executive authority since the Texian Republic including the powers bestowed on the presidency was structured on the model of its American counterpart Tyler viewed the decision to annex Texas as beneficial for the United States as a whole while Houston considered it to be beneficial for Texas and proponents of slavery Tyler's secretary of state John C Calhoun saw the decision as a victory for the South and the expansion of slavery The examination of how these two

presidents worked on the same issue at the same time but in largely different constitutional institutional political and geographical contexts provides not only a better understanding of the history and politics of annexation but also an investigation of the nuances of presidential power in a constitutional system of checks and balances and separation of powers

# The Forgotten Presidents Their Untold Constitutional Legacy Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Forgotten Presidents Their Untold Constitutional Legacy PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a userfriendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process

and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Forgotten Presidents Their Untold Constitutional Legacy PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Forgotten Presidents Their Untold Constitutional Legacy free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

#### **FAQs About The Forgotten Presidents Their Untold Constitutional Legacy Books**

What is a The Forgotten Presidents Their Untold Constitutional Legacy PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. How do I create a The Forgotten Presidents Their Untold Constitutional Legacy PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. How do I edit a The Forgotten Presidents Their Untold Constitutional Legacy PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. How do I convert a The Forgotten Presidents Their Untold Constitutional Legacy PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe

Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. How do I password-protect a The Forgotten Presidents Their Untold Constitutional Legacy PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
