The Framework Of Spiritual Hope:

The Framework of Spiritual Hope Michael T. Donohoe, 2014-12-12 The true stories within *The Framework of Spiritual Hope* paint a clear picture of real life divine experiences The author was awakened in the midst of the good and evil spiritual forces that are unceasingly struggling for control of our planet Earth *The Framework of Spiritual Hope* is a remarkable recounting of one individual's journey that demonstrates personal contact with God is very possible Today more than ever a real connection with your father God and with your brother Jesus is absolutely necessary in this age of powerless religious dogma A genuine heartfelt relationship with God and Jesus is your only hope if you desire to survive the evil that has at this time in our history outwardly unleashed itself upon our world *The Framework of Spiritual Hope* is not preachy Nor does it focus upon believing a certain religious philosophy Nevertheless it does attempt to help an individual who is truly searching for the truth build a framework of spiritual hope upon which they can secure their own spiritual future *The Framework of Spiritual Hope* is definitely not a book for the spiritually closed minded or for those who are hopelessly locked into man made religious doctrines If in your heart you've concluded there must be more to a relationship with God other than what you have been taught then this book is certainly for you

The Spirit of Hope Jürgen Moltmann, 2020-01-01 Famous theologian Jürgen Moltmann returns here to the theme that he so powerfully addressed in his groundbreaking work *Theology of Hope* In the twenty first century he tells us hope is challenged by ideologies and global trends that would deny hope and even life itself Terrorist violence social and economic inequality and most especially the looming crisis of climate change all contribute to a cultural moment of profound despair Moltmann reminds us that Christian faith has much to say in response to a despairing world In the eternal yes of the living God we affirm the goodness and ongoing purpose of our fragile humanity Likewise God's love empowers us to love life and resist a culture of death The book's two sections equally promote these affirmations yet in different ways The first section looks at the challenges to hope in our current world most especially the environmental crisis It argues that Christian faith and indeed all the world's religions must orient themselves toward the wholeness of the human family and the physical environment necessary to that wholeness The second section draws on resources from the early church the Reformation and the contemporary theological conversation to undergird efforts to address the deficit of hope he describes in the first section
