Ropp, 2010 Chinese history is packed with dramatic stories of individuals including the prominent emperors generals scholars and artists and the humble peasants artisans mothers courtesans and concubines In this history of China from Neolithic times to the present Paul Ropp uses the stories of people groups and individuals to illustrate key themes of China's political social and cultural history

Battalion Commanders at War Steven Thomas Barry, 2013-05-23 Most histories of the U S Army in World War II view the Mediterranean Theater of Operations primarily as a deadly training ground for very green forces where lessons learned on the beaches of Oran in the hills of the Kasserine Pass area and at the collapse of the Tunis bridgehead all contributed to later success in Western Europe Steven Barry however contends that victory in the MTO would not have materialized without the leadership of battalion level commanders They operated at a high level despite the lack of combat experience for themselves and their troops ineffective leadership at higher levels and deficiencies in equipment organization and mobilization Barry portrays these officers as highly trained adaptable and courageous in their first combat experiences in North Africa and Sicily Their leadership he argues brought discipline maturity experience and the ability to translate common operational guidance into tactical reality and thus contributed significantly to battlefield success in North Africa and Sicily in 1942 1943 To explain how this happened he examines their prewar experiences including professional military education and unit training exercises personal factors such as calmness and physical resilience under fire and the ability to draw upon doctrine creatively apply the resources at their disposal and clearly define and communicate mission goals and means He also reveals how battalion leaders incorporated technological innovations into combined arms maneuvers by employing tank capabilities and close air support doctrine As Barry's assessment shows these battalion commanders were not the sole reason for the Allied triumph in North Africa and Sicily but victory would not have been possible without the special brand of military leadership they exhibited throughout those campaigns Under their leadership even inexperienced units were able to deliver credible combat performance and without the regular army battalion leaders U S units could not have functioned tactically early in the war One of the few studies to focus on tactical adaptation at the battalion level in conventional warfare Barry's book attests to the pivotal value of professional military education and makes an important

contribution to today's organizational learning debate while providing an in depth view of adaptation of U S infantry and armored forces in 1942 1943 **Resources in Education** ,1999 *GEOINFORMATICS - Volume I* Peter

Wright,2016-11-19 This refreshed and dynamic Eighth Edition of *Keeping the Republic* revitalizes the twin themes of power and citizenship by adding to the imperative for students to navigate competing political narratives about who should get what and how they should get it The exploding possibilities of the digital age make this task all the more urgent and complex Christine Barbour and Gerald Wright the authors of this bestseller continue to meet students where they are in order to give them a sophisticated understanding of American politics and teach them the skills to think critically about it The entire book has been refocused to look not just at power and citizenship but at the role that control of information and its savvy consumption play in keeping the republic

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease *History of Homoeopathy and Its Institutions in America* William Harvey King,1905 **International Business**
