Description

This is the eBook version of the printed book. **FOREWORD BY GUY KAWASAKI** Presentation designer and internationally acclaimed communications expert Garr Reynolds, shares his experience in a provocative mix of illumination, inspiration, education, and guidance that will change the way you think about making presentations with PowerPoint or Keynote. *Presentation Zen* challenges the conventional wisdom of making "slide presentations" in today's world and encourages you to think differently and more creatively about the preparation, design, and delivery of your presentations. Garr shares lessons and perspectives that draw upon practical advice from the fields of communication and business. Combining solid principles of design with the tenets of Zen simplicity, this book will help you along the path to simpler, more effective presentations.

Customer Reviews Most helpful customer reviews 2 of 2 people found the following review helpful.Great book. By Jeremy I purchased this book as the textbook for a senior-level mathematics course in my undergrad. However, this book does not "read like a textbook." This book has been one of the easiest reads in a mathematics-heavy book I have ever had the pleasure of laying my eyes on. The pictures are clear, the words are concise, the ideas are organized logically and in proper order such that ideas are clearly described and explained in a manner that you don't have to be a mathematician to understand what is being talked about. While I purchased this book as a necessity for my coursework, if you have any kind of interest in mathematics (or just logic/puzzle games) the book is extremely interesting and you will learn A LOT. Highly recommended. Very well-done book, especially for a topic as "obscure" as *Presentation Zen: Simple Ideas on Presentation Design and Delivery (Voices That Matter)*. 0 of 0 people found the following review helpful. It has been very useful in helping me understand simple concepts needed to do ... By Sarah A. McQueen This book is written very well. I use this book in conjunction with more formal *Presentation Zen: Simple Ideas on Presentation Design and Delivery (Voices That Matter)* books. The writing is simpler and easier to understand than the more technical books. It has been very useful in helping me understand simple concepts needed to do my research. 0 of 0 people found the following review helpful. Five Stars By Amazon Customer Awesome book, very understandable. People get a kick out of it. See all 17 customer reviews..
