DEFENDING EVANGELICALISM William C. Roach, 2020-11-15 This book is an important part of the historical record of Dr Norman L Geisler It displays Geisler s intellectual gifts and devotion to the Lordship of Christ in his defense of Christianity and classic evangelicalism This book written by one of Geisler s long time and trusted assistants will be of importance to those who want a first hand interpretation of Geisler and the significance of Geisler s method for present day evangelicalism It provides a clear assessment of the impact of Geisler s embrace of classical realism classical theism the doctrine of inerrancy in the context of twentieth century evangelical theology while providing a way forward to apply Geisler s method in the twenty first century *Apologetic Opportunism* Brian Flamme, **Systematic Theology as a Rationally Justified Public Discourse about God** Michael Agerbo Mørch, 2023-01-23 For centuries it has been discussed whether systematic theology is a scientific discipline But it is not obvious what is meant by either systematic theology or scientific discipline Michael Agerbo Mørch presents an understanding of systematic theology as a tripartite discipline and science as a rationally justified public discourse about a given topic Systematic theology is shown to meet the most generally accepted criteria for scientific work since its theories can be tested and even falsified in an intersubjective setting This can be done by the most proper tool we have for assessing and comparing scientific theories which is coherence theory Therefore even though systematic theology is a distinct and normative discipline it is not compromising for its theories because it can present its theses in a transparent way that can be checked and criticized by peers and compared to relevant alternatives As such the book shows that systematic theology is a scientifically strong discourse that meets accepted criteria to the same degree as other disciplines *The World in His Hands* Christopher Lee Bolt, 2019-04-17 From the moment we wake until the time we go to sleep we are bombarded by the benefits of science in the practical elements of everyday life Electricity lights hot showers breakfast cereals clothing cars cell phones roads security systems computers communications traffic lights climate control and entertainment are just a sampling of the many benefits of science In addition to technological advances medicine and agriculture progress with science as well Even educational political and marketing strategists invoke science to substantiate their claims Science dominates the collective Western mindset and we regard it with the utmost respect Yet society remains generally religious even though science and religion are frequently thought of as being at odds with one another How do we reconcile the two Christians are taught to believe that God is in control of everything including the natural elements But how does God relate to physical laws Is God in control of the world or laws of nature Could both views be correct This book examines the Christian doctrine of divine providence and its implications for the laws of nature and the problem of induction before contrasting secular and Islamic approaches to these same topics **The Debaters of This Age**

Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time

How Do We Know the Bible Is True Volume 2 Ken Ham,Bodie Hodge,2013-01-04 Unless otherwise noted Scripture quotations are from the New King James Version of the Bible T p verso **Kees Van Til als Nederlandse-Amerikaanse, Neo-Calvinistisch-Presbyteriaan apologeticus** Laurence O'Donnell,2011-04-01 The purpose of this essay submitted to the faculty of Calvin Theological Seminary in candidacy for the degree of Master of Theology May 2011 is to demonstrate that Cornelius Van Til s 1895 1987 presupposition of Reformed dogmatics is largely a presupposition of Herman Bavinck s 1854 1921 Gereformeerde Dogmatiek The argument proceeds in three steps First by situating Van Til s life and work in the neo Calvinist intellectual milieu within which he operated throughout his career the prevailing Copernican interpretation of Van Til s thought is challenged on the grounds of historical abstraction Second his formal material and polemical appropriations of Bavinck s Dogmatiek are analyzed in order to show not only that Van Til appropriates Bavinck s thought pervasively but also that his apologetics cannot be properly understood apart from Bavinck s dogmatics Third Van Til s criticisms of the alleged scholasticism in Bavinck s thought are analyzed in terms of their originality and their validity Regarding the former it is argued that Van Til tacitly appropriates Herman Dooyeweerd s 1894 1977 earlier criticisms of neo Calvinist scholasticism Regarding the latter it is argued that Van Til s criticisms are methodologically unsound and historically untenable insofar as they proceed upon subjective premises and lead to a subjective conclusion In sum given both his pervasive appropriation of Bavinck s Dogmatiek and his entrenchment in neo Calvinist theology and philosophy Van Til is more accurately interpreted as a neo Calvinist rather than a Copernican revolutionary

Evidence for the Crucifixion and Resurrection of Jesus Christ Examined through Islamic Law Suheil Madanat,2023-08-31 For almost 1 400 years Christians have wrestled with appropriate ways to defend their claims to truth in the context of Islam Dr Suheil Madanat proposes that the answer lies neither in the antagonization of polemics nor apologetic arguments rooted in Western legal systems but instead in utilizing the authority of Islamic law itself While

evidence for the resurrection has been legally examined since the seventeenth century legal apologetics has primarily utilized secular law systems such as Anglo American common law In this study Dr Madanat tests evidence for the crucifixion and resurrection against Islam s fixed theocratic law of Sharia Offering an overview of the evolution and constitution of Islamic law Dr Madanat examines how eyewitness testimonies and confessions in the New Testament hold up against Islam s strict standards for evidence Authenticating the Gospels using the same standards Islamic scholars use to defend the authenticity of the Qur an and Sunna Madanat examines the testimonies of the four evangelists the confessions of James and Paul and the circumstantial evidence offered by archeology church history and the Christian impact on civilization This book engages with Islam and its sacred texts seriously and with respect providing a powerful resource for those interested in apologetics and comparative religion

Deconverted Jeffery Childress, John S. Knox, 2022-04-07 Is the modern Christian church losing the battle against postmodern society and the current hate culture Deconverted reflects research gathered from interviews with once self professed Christians who have now walked away from the church and their previously deeply held religious beliefs With so much at risk in the lives of postmodern seekers who is being misled and what apologetical truths can the church learn from this phenomenon

Reforming Apologetics J. V. Fesko, 2019-03-19 Challenging the dominant Van Tillian approach in Reformed apologetics this book by a leading expert in contemporary Reformed theology sets forth the principles that undergird a classic Reformed approach J V Fesko s detailed exegetical theological and historical argument takes as its starting point the classical Reformed understanding of the two books of God s revelation nature and Scripture Believers should always rest on the authority of Scripture but also can and should appeal to the book of nature in the apologetic task

Biblical Apologetics Clifford B. McManis, 2013-07-26 The book you are holding in your hands is perhaps the simplest most straightforward summary and how to guide for presuppositional apologetics now in print It is both informative and practically helpful I believe you will find it an extremely useful tool whether you are an professor at the seminary level seeking supplemental reading material or just a simple lay person looking for practical answers Pastor McManis writes with crisp clarity in a way that is certain to give you fresh insight into what Scripture teaches about the defense of the Christian faith I wish this book had been available when I was studying apologetics in seminary John MacArthur Pastor Teacher Grace Community Church President of The Masters College and Seminary Cliff has rescued the discipline from the elite circle of the intelligentsia and returned it as a biblical theology of truth communication to the common people i e to all believers This volume will be of great help in the restoration of the practicality of biblical apologetics as it was exemplified in the early Church Hopefully today s readers will be able to understand and put into practice the true nature of Peter s command in 1 Peter 3:15 as it is strategically situated in its defining context George J Zemek Academic Dean The Expositors Seminary Jupiter Florida

A Pledge of the Truth Taylor Evan Walls, 2024-04-12 Persecution false accusations and philosophical criticisms were all a common part of the life of the church in the second

century Many Christian writers took up the mighty pen to defend the Christian faith Though often overlooked Theophilus of Antioch was one of these apologetic writers who boldly identified himself as a Christian and a believer in God s word In his only remaining work Ad Autolycum Theophilus shows the irrationality of the pagan worldview and defends the Christian faith with a firm commitment to the authority of Scripture The Scriptures are foundational to his defense of the Christian faith He presents the Scriptures both from the Old and New Testaments as a faithful guide and guarantee of truth on the nature of God the world and ethics The Scriptures were efficacious in his own conversion to Christianity and so he uses those same divine words in order to call his pagan friend from idolatry to the truth of the one God In this book Taylor Evan Walls offers a systematic presentation of Theophilus understanding of the nature of Scripture and shows how this doctrine provided the foundation and structure for his defense of Christianity

The Objective Proof for Christianity Greg L. Bahnsen, 2024 The Blind Scientist Alexander J. Bonitto, John S. Knox, 2024-03-05 This book investigates potential neo Darwinian fallacies specifically regarding a priori assumptions that may have led to weak scientific methodology and praxis It was proposed that five concepts must be true for neo Darwinism to be true These are gradualism the tree of life hypothesis the evidence of microevolutionary change accounting for macroevolutionary change time and chance and methodological naturalism Prima facie these concepts have tremendous explanatory power Yet with an attempt to carefully examine these concepts all five seem to be assumed a priori so as to dictate the outcome of neo Darwinism rather than letting the evidence speak for itself The evidence left by the Cambrian explosion genomic potential genetic entropy irreducible complexity genetic limits cyclical change probability theory the epistemology of information and the law of causality seems to pose a dilemma for neo Darwinian assumptions
