Penetration: Special Edition Updated Ingo Swann,2020-11-29 UPDATED WITH NEW MATERIAL FOUND IN HAROLD SHERMAN S ARCHIVES Ingo Swann renowned psi researcher reveals a long held secret series of experiences with a deep black agency whose apparent charter was simple UFOs and extraterrestrials on the moon and worries about ET telepathic mind control powers The agency was so secret that it had no paper trail and hence no written secrecy agreements Only the verbal ones which in Ingo s case expired several years ago Now in this era of burgeoning UFO glasnost he tells a story of meetings held in a secret underground facility not far from Washington DC and of being taken to a remote location near the Arctic Circle to witness the expected arrival of a huge UFO over the surface of an Alaskan lake This book discusses undeveloped human telepathy and contrasts it with the probable existence of fully developed alien telepathy which may have many different forms Ingo also explores the fact that we officially know far more than we re admitting about the Moon its origins its atmosphere its occupants and many other unusual features Penetration is about one of the means by which we can learn more about those not of this earth and vice versa telepathy Do we have the means to answer some very important questions that many have been asking for quite a long time Inside this book are the answers to some PLUS In a newly discovered missing chapter on his psychic probes of Mars 9 to Penetration Ingo asserts that there is a bigger question at play the question as to why do mass consciousness humans as it were mass consciously almost conspire to avoid certain issues and consistently so This inquiry deep within Ingo s own awareness is one that he would ponder until his passing in 2013 He

no doubt wished to share this interrogation with the world back in 1998 Thus while Neptune goes direct in Pisces removing the veils and providing an awakening of sorts we have decided put Ingo's question to the world by including 9 along with Introductions by Dr Krippner and Dr Mitchell an Afterword by Thomas M McNear Lieutenant Colonel U S Army Ret and recently discovered documents from Harold Sherman's Archives in this Updated Special Edition all within an aptly named section entitled Subscript The Philadelphia Experiment: Project Invisibility William Moore, Charles Berlitz, 1995-03-01 One day in 1943 at the Philadelphia Navy Yard something happened Suddenly the U S S Eldridge a fully manned destroyer escort vanished into a green fog within seconds appeared in Norfolk Virginia and then reappeared in Philadelphia For over thirty six years officials have denied this have denied any experimentation to render matter invisible have denied the reality of THE PHILADELPHIA EXPERIMENT If so why were all the men aboard ship who survived discharged as mentally unfit did a scientific researcher on the project meet a mysterious death were identities hidden documents lost and amazing connections between UFO sightings and events in the Bermuda Triangle denied THE PHILADELPHIA EXPERIMENT the first full length documented report on a chilling unsolved mystery that's been discussed for years Now official documents and first hand stories have been revealed Here is the truth in a report so shattering it is difficult to believe it's NOT fiction Catalog of Copyright Entries. Russian scientists who were monitoring the Apollo Moon Landing on July 20 1969 claim that astronauts Armstrong and Aldrin were being closely observed by UFOs Thousands of women all over the world claim to have been abducted for the purpose of bearing Hybrid Children A family in Colorado repeatedly visited by aliens with physical evidence and photographs to prove their story From cattle and human mutilations to missing time experienced by UFO experiences and from secret underground and even underwater alien facilities to government alien conspiracies each astonishing report is detailed with thorough research and recounted with a storyteller's crafted voice Real Aliens Space Beings and Creatures from Other Worlds will leave the reader wondering who has visited us who's coming to visit next and who walks among us The Everything UFO Book William J Birnes, 2011-12-15 Are extraterrestrial beings trying to contact us Is the government covering up evidence What is the real truth about UFOs close encounters and alien abduction In this fascinating guide UFO expert William J Birnes covers everything from theories about the nature of UFOs to where you're likely to find them from case studies of alien encounters to the scientific studies of otherworldly visitors Other topics include The beginnings of modern ufology in the age of rockets A history of military and pilot encounters with UFOs Twenty first century UFO sightings around the globe Types of equipment needed to capture UFOs on film or video With reports from credible witnesses and lists of government documents that actually admit to the existence of UFOs this is the only guide you need to ground yourself in this exciting subject The Facts on UFOs John Ankerberg, John Weldon, 2011-04-28 There is danger behind this phenomenon In this recently updated edition the authors provide eye opening answers to key questions about UFOs How common are UFO sightings experiences What does the Bible say about UFOs Are they dangerous Can we know if God created life on other planets Are there different levels of close encounters Do leading UFO researchers recognize UFOs as an occultic phenomenon This book alerts readers to the evil behind the seemingly harmless fascination with UFOs other supernatural phenomena **The Myth and Mystery of UFOs** Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O'Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune's website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don't such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard's wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that

borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard's book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard's study is a sky watcher's guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth

Lebanon Were they the work of ancient humans or of equally ancient extraterrestrials How Antigravity Built the Pyramids delves into specific stories and theories A 9th century story of a mysterious papyrus with the power to move large stones at the Giza Necropolis The Mayan story of the construction of the Pyramid of the Magician said to be overseen by a small humanoid who could whistle large stones into place Native American stories of ancient priests being able to make stones light to move easily Author Nick Redfern argues it was not literally music and whistling that somehow raised large stones but both have one thing in common sound Acoustics Almost certainly acoustic levitation was at the heart of these incredible feats The truth of the science behind acoustic levitation was lost and forgotten for ages with little more left than fanciful tales of music whistles a curious papyrus and strange metal rods that could achieve incredible feats in the air Today we are finally starting to get a grasp on this incredible technology a technology that may have been the work of ancient humans aliens from faraway worlds or perhaps a combination of the two
