The Final Innings Christopher Sandford, 2019-07-16 The declaration of war against Germany on 3 September 1939 brought an end to the second and as yet final Golden Age of English cricket Over 200 first class English players signed up to fight in that first year 52 never came back In many ways the summer of 1939 was the end of innocence Using unpublished letters diaries and memoirs Christopher Sandford recreates that last summer looking at men like George Macaulay who took a wicket with his first ball in Test cricket but was struck down while serving with the RAF in 1940 Maurice Turnbull the England all rounder

who fell during the Normandy landings and Hedley Verity who still holds cricketing records but who died in the invasion of Sicily Few English cricket teams began their first post war season without holding memorial ceremonies for the men they had lost The Final Innings pays homage not only to these men but to the lost innocence heroism and human endurance of the age *Wisden India Almanack 2016* Suresh Menon,2016-02-26 Wisden has grown through the years to embrace innovation and maintain its status as the most revered and cherished brand in cricket The Bible of Cricket Wisden Cricketers Almanack has been published every year since 1864 Wisden s Cricketers of the Year Awards one of the oldest honours in the sport dates back to 1889 The Almanack known for editorial excellence has been a perennial bestseller in the UK The fourth edition with India specific content is even more engrossing Contributors include Ramachandra Guha Ian Chappell Ajit Wadekar Amol Rajan Osman Samiuddin Dileep Premachandran Prashant Kidambi Ruchir Joshi Rajdeep Sardesai Akash Chopra Jarrod Kimber and Jack Hobbs *Caught Yapping* Abhishek Mukherjee,2025-06-30 I do not want to see you Mr Warner There are two teams out there one is trying to play cricket and the other is not There is a little bit of the whore in all of us gentlemen What is your price Thank you for making my tournament a success Girls don t play cricket Bodyline World Series Cricket and IPL all seminal events in the game s history and succinctly captured in the quotes above by Bill Woodfull Kerry Packer and Lalit Modi respectively And a casual comment made by a policeman to Rachael Heyhoe which spurred her on to become a cricketer and eventually organize the World Cup two years before the men s Caught Yapping takes a never trodden before route to narrate the history of cricket using the medium of quotes to do the talking Why quotes Cricket has inspired considerable literature and continues to do so Then there are words the people of cricket have spoken on the field in press conferences in commentary boxes and elsewhere These are tales that scorecards do not tell stories of heroes and villains rises and falls temptations and resistance inclusions and exclusions This book chronicles the history of cricket and history means little without the people And what better way to tell the story of the people than in their own words *The Shorter Wisden 2015* Lawrence Booth,2015-04-09 The Shorter Wisden is a compelling distillation of what s best in its bigger brother Available from all major eBook retailers Wisden s digital version includes the influential Notes by the Editor all the front of book articles reviews obituaries and all England s Tests from the 2014 season **Gallipoli 1915** Peter Doyle,2011-09-30 In a campaign part sponsored by First Lord of the Admiralty Winston Churchill the Battle of Gallipoli in 1915 remains one of the most resounding Allied defeats of the First World War with both the Allied and Ottoman armies suffering in excess of 200 000 casualties Despite this many believed it would be a sure fire success due to the preceding naval campaign but increased losses at sea prompted the Allies to send in ground troops Comprising a large ANZAC contingent on their first major operation they were tasked with invading and eliminating the formidable Ottoman artillery On 25 April 1915 they landed on five stretches of beach in open boats The casualties from the first landing were horrific of the first 200 men out of the boats only twenty one reached inland the rest being mown down by Ottoman machine guns Casualties only accelerated from there

for both sides until the Allies were forced to evacuate Gallipoli 1915 takes you to the front line and beyond ensuring that you will appreciate the ultimate sacrifice made by these brave soldiers Gerald Howard-Smith and the 'Lost Generation' of Late Victorian and Edwardian England John Benson, 2016-11-18 Gerald Howard Smith's life is intriguing both in its own right and as a vehicle for exploring the world in which he lived Tall boisterous and sometimes rather irascible he was one of the so called Lost Generation whose lives were cut short by the First World War Brought up in London and educated at Eton and Cambridge he excelled both at cricket and athletics After qualifying as a solicitor he moved to Wolverhampton and threw himself into the local sporting scene making a considerable name for himself in the years before the First World War Volunteering for military service in 1914 he was decorated for bravery before being killed in action two years later Reporting his death the War History of the South Staffordshire Regiment claimed that In his men's eyes he lived as a loose limbed hero and in him they lost a very humorous and a very gallant gentleman As well as telling the fascinating story of Gerald Howard Smith for the first time this important new biography explores such complex and important issues as childhood and adolescence class relations sporting achievement manliness and masculinity metropolitan provincial relationships and forms of commemoration It will therefore be of interest to educationalists sports historians local and regional historians and those interested in class gender and civilian military relations indeed all those seeking to understand the economic social and cultural life of late nineteenth and early twentieth century Britain Sport, War and the British Peter Donaldson, 2020-03-10 Spanning the colonial campaigns of the Victorian age to the War on Terror after 9 11 this study explores the role sport was perceived to have played in the lives and work of military personnel and examines how sporting language and imagery were deployed to shape and reconfigure civilian society's understanding of conflict From 1850 onwards war reportage complemented and reinforced by a glut of campaign histories memoirs novels and films helped create an imagined community in which sporting attributes and qualities were employed to give meaning and order to the chaos and misery of warfare This work explores the evolution of the Victorian notion that playing field and battlefield were connected and then moves on to investigate the challenges this belief faced in the twentieth century as combat became initially industrialised in the age of total warfare and subsequently professionalised in the post nuclear world Such a longitudinal study allows for the first time new light to be shed on the continuities and shifts in the way the reality of war was captured in the British popular imagination Drawing together the disparate fields of sport and warfare this book serves as a vital point of reference for anyone with an interest in the cultural social or military history of modern Britain *Mr Midshipman VC* Quentin Falk, 2018-10-30 Of the thirty nine Gallipoli Victoria Crosses arguably none was more deserved than the medal earned by George Leslie Drewry At just 20 he was the first officer of the Royal Naval Reserve to get the nation's premier award for valour when part of the landing on V Beach at Cape Helles In so doing he was badly wounded Accident prone he survived falling into a bog as a child he was knocked over by a car as a novice merchantman he fell from the mast of his ship and on

another occasion was shipwrecked after rounding Cape Horn and stranded on a deserted island Tragically he died at Scapa Flow shortly before the end of The Great War while in command of his first ship Using contemporary sources the author brings Drewrys life into sharp focus and describes the role of Snotty as midshipmen were then known The result will appeal to addicts of real life adventure and military historians

Sport, Militarism and the Great War Thierry Terret,J. A. Mangan,2013-09-13 The Great War has been largely ignored by historians of sport However sport was an integral part of cultural conditioning into both physiological and psychological military efficiency in the decades leading up to it It is time to acknowledge that the Great War also had an influence on sport in post war European culture Both are neglected topics Sport Militarism and the Great War deals with four significant aspects of the relationship between sport and war before during and immediately after the 1914 1918 conflict First it explores the creation and consolidation of the cult of martial heroism and chivalric self sacrifice in the pre war era Second it examines the consequences of the mingling of soldiers from various nations on later sport Third it considers the role of the Great War in the transformation of the leisure of the masses Finally it examines the links between war sport and male socialisation The Great War contributed to a redefinition of European masculinity in the post war period The part sport played in this redefinition receives attention Sport Militarism and the Great War is in two parts the Continental Part I and the Anglo Saxon Part II No study has adopted this bilateral approach to date Thus in conception and execution it is original With its originality of content and the approaching centenary of the advent of the Great War in 2014 it is anticipated that the book will capture a wide audience This book was originally published as a special issue of The International Journal of the History of Sport
