A. Henty,2013-05-17 The fortifications in those days were very far from having attained the strength and solidity which a few generations later were bestowed upon them The stones of which they were constructed were comparatively small and fastened together by mortar consequently they could ill resist even an assault by manual weapons Covered by their shields the Northmen worked untiringly at the foundations and piece by piece the walls crumbled to the ground Every effort however to enter at the breaches so made was repulsed and Siegfroi kept back his warriors determined to delay the grand assault until the next day By nightfall the tower was in ruins scarce a portion of the walls remaining erect Many of the besieged had been killed The archbishop was wounded with an arrow Frederic a young soldier who led the troops of the church was killed

A low hut built of turf roughly thatched with rushes and standing on the highest spot of some slightly raised ground It was surrounded by a tangled growth of bushes and low trees through which a narrow and winding path gave admission to the narrow space on which the hut stood The ground sloped rapidly Twenty yards from the house the trees ceased and a rank vegetation of reeds and rushes took the place of the bushes and the ground became soft and swampy A little further pools of stagnant water appeared among the rushes and the path abruptly stopped at the edge of a stagnant swamp though the passage could be followed by the eye for some distance among the tall rushes The hut in fact stood on a hummock in the midst of a wide swamp where the water sometimes deepened into lakes connected by sluggish streams On the open spaces of water herons stalked near the margin and great flocks of wild fowl dotted the surface Other signs of life there were none although a sharp eye might have detected light threads of smoke curling up here and there from spots where the ground rose somewhat above the general level These slight elevations however were not visible to the eye for the herbage here grew shorter than on the lower and wetter ground and the land apparently stretched away for a vast distance in a dead flat a rush covered swamp broken only here and there by patches of bushes and low trees The little hut was situated in the very heart of the fen country now drained and cultivated but in the year 870 untouched by the hand of man the haunt of wild fowl and human fugitives At the door of the hut stood a lad some fourteen years old His only garment was a short sleeveless tunic girded in at the waist his arms and legs were bare his head was uncovered and his hair fell in masses on his shoulders In his hand he held a short spear and leaning against the wall of the hut close at hand was a bow and quiver of arrows The lad looked at the sun which was sinking towards the horizon     *The dragon and the raven* GA Henty,2013-08-12

elevations however were not visible to the eye for the herbage here grew shorter than on the lower and wetter ground and the land apparently stretched away for a vast distance in a dead flat a rush covered swamp broken only here and there by patches of bushes and low trees We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience      *The Dragon and the Raven* G. Young Edmund and his friend Siegbert are forced to flee for their lives after an invading horde of Danes kills Edmund's father and occupies their homeland Hoping to lift the yoke of the Northmen the young Saxon enlists under the Golden Dragon banner of King Alfred the Great While Edmund trains the Saxons in sound fighting tactics he realizes that the key to victory rests on meeting the enemy in battle at sea With the help of King Alfred Edmund constructs a ship that is the match of any Danish Black Raven vessel He names the ship the Dragon Will Edmund Siegbert and the crew of the Dragon find success against great odds Will the Saxons find a way to stem the invasion of the Danes and reclaim their land These and other questions will be answered in *The Dragon and the Raven* by G A Henty Set in ninth century England Norway and mainland Europe this book includes more than 60 geographical historical and explanatory footnotes to aid the modern reader

**The Dragon and the Raven** G. A. Henty, 2002-12 In a time of chaos and Viking onslaught Alfred the untested Saxon king must fight to save his ravished land The tale unfurls through the eyes of a young thane Edmond who becomes Alfred's friend and mightiest warrior When Danes overrun the land and the Saxons capitulate this young knight trains and leads a devoted corps of pike men to recapture the kingdom      *The Dragon and the Raven* G. A. Henty, 2017-11-07 G A HENTY 1832 1902 During the reign of King Alfred Danish forces have invaded the English countryside Although the English try to repulse these attacks they are overrun by the savagery and sheer numbers of the Danes One of those deeply touched by these attacks is young Edmund As a boy he watched as his father was slain in battle fighting the Danes Although young he was intelligent and noted the mistakes made on the battlefield As he grew into a man he put that knowledge into use and created a uniquely trained group of soldiers and built a new stronger ship called the Dragon      *The Dragon and the Raven Illustrated* George Henty, 2021-02-28 This is an historical novel about the Vikings taking over England and how the Saxons fought and lost until King Alfred unites them G A Henty was a Victorian with a passion for history He has written many books which I understand from other sources are very well researched and provide a good understanding of each portion of history The writing is old

fashioned but is all the more enriched because of this It is not a simplistic read but is very accessible I am reading this aloud to my 9 year old who is fascinated and engrossed in the story which thunders along with a good pace and keeps the interest Most of his books have a main character of a young boy which also allows an easier hook into the story for both adults and children Whilst this one is about battles and warfare it does not dwell unduly on gore or terror

**The Dragon and the Raven** G. A. Henty, 2016-07-31 G A Henty was born in Trumpington near Cambridge He was a sickly child who had to spend long periods in bed During his frequent illnesses he became an avid reader and developed a wide range of interests which he carried into adulthood He attended Westminster School London and later Gonville and Caius College Cambridge where he was a keen sportsman He left the university early without completing his degree to volunteer for the Army Hospital Commissariat when the Crimean War began He was sent to the Crimea and while there he witnessed the appalling conditions under which the British soldier had to fight His letters home were filled with vivid descriptions of what he saw His father was impressed by his letters and sent them to The Morning Advertiser newspaper which printed them This initial writing success was a factor in Henty's later decision to accept the offer to become a special correspondent the early name for journalists now better known as war correspondents Shortly before resigning from the army as a captain in 1859 he married Elizabeth Finucane The couple had four children Elizabeth died in 1865 after a long illness and shortly after her death Henty began writing articles for the Standard newspaper In 1866 the newspaper sent him as their special correspondent to report on the Austro Italian War where he met Giuseppe Garibaldi He went on to cover the 1868 British punitive expedition to Abyssinia the Franco Prussian War the Ashanti War the Carlist Rebellion in Spain and the Turco Serbian War 4 He also witnessed the opening of the Suez Canal and travelled to Palestine Russia and India
