Reformed Resurgence Brad Vermurlen, 2020-11-02 One of the most significant developments within contemporary American Christianity especially among younger evangelicals is a groundswell of interest in the Reformed tradition In Reformed Resurgence Brad Vermurlen provides a comprehensive sociological account of this phenomenon known as New Calvinism and what it entails for the broader evangelical landscape in the United States Vermurlen develops a new theory for understanding how conservative religion can be strong and thrive in the hypermodern Western world His paradigm uses and expands on strategic action field theory a recent framework proposed for the study of movements and organizations that has rarely been applied to religion This approach to religion moves beyond market dynamics and cultural happenstance and instead shows how religious strength can be fought for and won as the direct result of religious leaders strategic actions and conflicts But the battle comes at a cost For the same reasons conservative Calvinistic belief is experiencing a resurgence present day American evangelicalism has turned in on itself Vermurlen argues that in the end evangelicalism in the United States consists of pockets of subcultural and local strength within the cultural entropy of secularization as religious meanings The Abide Guide Oliver Benjamin, Dwayne Eutsey, 2022-11-15 When you seek salvation from this and coherence fall apart stressed out uptight world there s only one man to go to for guidance the Dude With a new introduction and updated content from the Dudeism priests and founders at the Church of Latter Day Dude this is the perfect gift for movie lovers and mindfulness seekers At once helpful funny and profound like The Big Lebowski itself this survival guide shows how to be as Dude like as the Dude well almost So the next time life throws you a gutterball just pick up this book and ask What would the Ye That Are Men Now Serve Him Colin B. Chapell, 2016-09-15 Ye That Are Men dude do It s your answer for everything Now Serve Him Radical Holiness Theology and Gender in the South examines how religious belief reshaped concepts of gender during the New South period that took place from 1877 to 1915 in ways that continue to manifest today Manhood Restored Eric Mason, 2013 New church voice Eric Mason addresses the cultural and spiritual crises within manhood head on presenting a gospel centered vision that points men back to God's original intent for their lives The Stories We Tell Mike Cosper, 2014-08-31 The average American watches 5 hours of TV every day Collectively we spend roughly 30 billion on movies each year Simply put we re entertainment junkies But can we learn something from our insatiable addiction to stories Mike Cosper thinks so From horror flicks to rom coms the tales we tell and the myths we weave inevitably echo the narrative underlying all of history the story of humanity s tragic sin and God s triumphant salvation This entertaining book connects

the dots between the stories we tell and the one great Story helping us better understand the longings of the human heart and thoughtfully engage with the movies and TV shows that capture our imaginations *Of Beards and Men* Christopher Oldstone-Moore, 2015-12-02 Beards they re all the rage these days Take a look around from hip urbanites to rustic outdoorsmen well groomed metrosexuals to post season hockey players facial hair is everywhere The New York Times traces this hairy trend to Big Apple hipsters circa 2005 and reports that today some New Yorkers pay thousands of dollars for facial hair transplants to disguise patchy juvenile beards And in 2014 blogger Nicki Daniels excoriated bearded hipsters for turning a symbol of manliness and power into a flimsy fashion statement The beard she said has turned into the padded bra of masculinity Of Beards and Men makes the case that today s bearded renaissance is part of a centuries long cycle in which facial hairstyles have varied in response to changing ideals of masculinity Christopher Oldstone Moore explains that the clean shaven face has been the default style throughout Western history see Alexander the Great's beardless face for example as the Greek heroic ideal But the primacy of razors has been challenged over the years by four great bearded movements beginning with Hadrian in the second century and stretching to today s bristled resurgence The clean shaven face today Oldstone Moore says has come to signify a virtuous and sociable man whereas the beard marks someone as self reliant and unconventional History then has established specific meanings for facial hair which both inspire and constrain a man's choices in how he presents himself to the world This fascinating and erudite history of facial hair cracks the masculine hair code shedding light on the choices men make as they shape the hair on their faces Oldstone Moore adeptly lays to rest common misperceptions about beards and vividly illustrates the connection between grooming identity culture and masculinity To a surprising degree we find the history of men is written on their faces **Unmasking the Male Soul** Wilmer G. Villacorta, 2019-09-23 Unmasking the Male Soul is about freedom that confronts the innate and enslaving obsession for power and control in destructive ways At the core of this liberating process we must acknowledge that we cannot escape the sociocultural matrix in which every human being emerges In denying their fallen nature human beings set aside their dependency on God and become self centered and self reliant It is from their self centered hearts that human beings foster dynamics of coercion domination competition and distorted self realization at the expense of others This cycle of shame and guilt is well disguised behind a mask which enables them to enact these dynamics in subtle ways At times even in the name of religion men followed the illusion of their internal insecurities and became dependent on masks of power and control It is time to break away from the chains of exclusion and devaluation of women in Christian leadership Masculinities have only perpetrated a narrative of exceptionalism as the apex of humankind and often they have contrasted to subservient expectations of women in leading others Each chapter responds to the implicit male silence on the issue in a multidisciplinary way with historical sociocultural theological and scriptural implications In this book I will endeavor to challenge the masks of masculinities and dismantle several mental models that foment a gender divide in Christ like leadership in the twenty first
